STUDENT BEHAVIOR AND DISCIPLINE

Behavior appropriate of a mature youth is expected of students at Transitions Academy. Respect for peers and staff members fosters good relationships and a positive setting in which learning and sharing may take place. School rules and regulations are designed to provide a proper educational climate and promote the school's efficient and orderly operation. **Students who violate school rules will be subject to disciplinary action.** However, offenses such as smoking, fighting, theft, gambling, and flagrant acts of misconduct will result in automatic suspension. There are no "play fights". An excuse of "we were just kidding" is not acceptable.

Positive Behavior Support (PBIS)

Northwest Local School District believes students and staff excel best when they feel welcome in the building, safe in their classrooms, and trustful of each other. We believe all students and staff can learn and deserve opportunities to show and achieve success. We believe valuing diversity and working to understand one another is vital and important. We believe a high priority should be placed on providing holistic support to ensure success. Much like every school in the district, Northwest Online School will implement a school-wide Positive Behavior Intervention and Support (PBIS) framework.

PBIS is based on research that indicates that the most effective discipline systems use proactive strategies designed to prevent discipline problems. Before consequences are given, students must first be supported in learning the skills necessary to enhance a positive school climate and avoid negative behavior. This research also shows that there is a strong link between a positive school climate and academic success for all students when students clearly understand behavioral expectations.

Northwest Online School will utilize a PBIS Plan which includes: teaching positive school rules; implementing a social emotional skills instruction; positively reinforcing appropriate student behavior; using effective classroom behavioral practices; providing early intervention and support strategies for misconduct; and appropriate use of logical and meaningful consequences including the use of restorative practices. We will use PBIS points and discipline records to support informed decision-making when determining whether students should return to their home school or remain at Transitions Academy.

The Role of PBIS in Discipline

School discipline consequences strive to be consistent, reasonable, fair, age appropriate, and matched to the severity of the student's misbehavior. Consequences that are paired with meaningful interventions, instruction and guidance (corrective feedback and reteaching) offer students an opportunity to connect their misconduct with new learning, participate in contributing back to the school community, and are more likely

to result in getting the student re-engaged in learning. Any use of consequences should be carefully implemented with well-defined outcomes in order to provide the greatest benefit. Positive consequences including systematic recognition for appropriate behavior frequently lead to an increase in the desired behavior. Negative consequences are designed to provide feedback to the student that his or her behavior is unacceptable and should not occur again.

SCHOOL DAY

ARRIVAL & DEPARTURE TRAFFIC FLOW PROCEDURES

Students should not arrive before 7:00 am and pick up no later than 2:30 if Middle School.

High School does not arrive before 7:00 am and picks up no later than 10:40 for the first session. Second session does not arrive earlier than 11:05 and picks up no later than 2:30. It is important to understand that there is no supervision assigned before and after the designated times.

Drop off of their student(s) by the side doors, and then proceed to follow the flow of traffic leading out to Pippin Road or Back out to Stout Road

TARDY TO SCHOOL AND LEAVING SCHOOL GROUNDS

Students attending the Northwest Local School District are to arrive at school by a designated time (7:15 AM) and remain there until the end of the official school day unless permission is granted for them to leave during the school day. The administration shall develop and maintain procedures to enforce this policy.

Students who are tardy to school (not in their homeroom by 7:15 A.M.). Tardiness to school is classified as excused/unexcused, the same as absences. Determining whether a tardy is excused or unexcused is based on the absence procedures. It should be noted that absences from class due to tardiness to school count toward the excessive absence policy. Students reporting to school late for any excused reason are also counted tardy; however, no disciplinary action will be taken.

Students leaving school grounds without permission will be subject to disciplinary action.

DISMISSAL

Students are expected to leave school grounds immediately after dismissal unless they are with a teacher, or with an approved club or athletic team. All school rules must be followed while participating in after-school activities. **Students are not permitted to "wait" for friends who are working with teachers or involved in an after-school activity.** Students will **not** be permitted to board their buses after having first left school property. Students will **not** be permitted to ride "another" bus (not assigned to them) without the advanced written approval from the administration.

EARLY DISMISSAL FROM SCHOOL

No teacher or other employee shall permit or cause any student to leave school premises prior to the regular hour of dismissal except with the knowledge and approval of the administration and with the knowledge and the permission of the parent or guardian. Parents should write a note requesting the early dismissal, and have the child present the note to the attendance office prior to homeroom. The parent or guardian can also come in person to sign the student out of school, **IDs must be shown when picking a student up from school.**

MAKE-UP WORK

Students use Google Classroom and Edgenuity all the time and the students will not technically have make-up work, but students do still need to check their Google Classroom for make-up work that was completed in the classroom. If the student needs any materials (books, worksheets, etc....), Parents are to call the school office and request that the items be sent to the office. Such requests must be made prior to 8:00 in the morning for the materials to be ready for pickup that day. **The materials may be picked up during normal school hours in the front office of Transitions Academy.**

MAKE-UP TESTS

Students who are absent only the day before a previously announced test will be expected to take the test upon their return (the day for which it was scheduled). They will be expected to secure whatever books or materials are needed to prepare for the test upon their return.

- Make-up tests will be scheduled by teachers according to the time they have available to supervise them. Most teachers use after-school make-up periods one or two days a week. They are then able to effectively supervise students, help them with questions if necessary, and protect the security of the test.

BOOK BAGS

To encourage students to learn good organizational skills, Transitions academy does not have lockers and the students leave their book bags up front after being searched. The items that the students need to bring with them are their computers and a pen or pencil. Students may use book bags between home and school, but the bags should be stored up front in the lobby with security during the day. Exceptions will be made for students on crutches, etc. Drawstring Bags and Purses are permitted so long as they are not being used as a replacement for a book bag (personal items only).

2025 -2026
Revised May 14, 2025

- If the schoolwide program plan under Section 1114(b) of SSA is not satisfactory to the parents of participating children, submit any parent comments on the plan when the school makes the plan available to the local educational agency.
- Be governed by the following statutory definition of parent and family engagement and carry out programs, activities, and procedures in accordance with this definition:
 - Parent and family engagement means the participation of parents in regular and meaningful communication involving student academic learning and other school activities, including ensuring:
 - Parents play an integral role in assisting their children’s learning;
 - Parents are encouraged to be actively involved in their children’s education at school;
 - Parents are full partners in their children’s education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their children; and
 - Other activities are carried out, such as those described in Section 1116 of ESSA.

Transitions Academy will implement each of the required components as described below.

Jointly Developed

Transitions Academy will involve parents in an organized, ongoing, and timely manner in the planning, review, and improvement of Title I programs by meeting with a parent group once per month. A regular agenda item for these meetings will be an opportunity for parents to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children. The school will respond to suggestions as soon as practically possible. These meetings will be used to engage parents in reviewing and revising the parent and family engagement policy and the parent compact.

Annual Title I Meeting

Transitions Academy will conduct an annual meeting in conjunction with the beginning of the year open house. All parents will be invited and encouraged to attend. At this meeting, the school will provide information about the Title I program, the nature of the program, parent requirements, the school parent and family engagement policy, the schoolwide plan, and the school-parent compact.

Communications

Transitions Academy will take the following actions to provide parents of participating students timely information regarding Title I programs:

- A flexible number of meetings will be scheduled, such as meetings in the morning or evening, and may provide, if needed, child care, transportation and the ability for parents to join meetings remotely via technology.
- Information related to the school and parent programs, meetings, and other activities will be communicated via phone messaging services, electronic school newsletters, and other ways upon request. To the extent practical, information will be provided in a language that parents can understand.

The Parent and Family Engagement Policy will be distributed to all parents and students via the parent/student handbook at the beginning of the school year and as new students enroll. Parents and students will sign that they have read and understood the information provided. Alternative formats and translations will be provided upon request.

School-Parent Compact

Transitions Academy has jointly developed, with parents of participating children, a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and how the school and parents will build and develop a partnership to help children achieve the state's high standards. The compact will be reviewed yearly by a team of parents and will be sent home at the beginning of the school year with all participating students.

Reservation of Funds

The Northwest Local School District will reserve a minimum of 1% of the district Title I, Part A allocation for parent and family engagement. A portion of these funds will be allocated to Transitions Academy to spend on parent and family engagement activities. Transitions Academy will meet with parents annually to develop a yearly building plan for how these funds will be used to support parent and family engagement. This plan will be shared with parents at the annual meeting.

Coordination of Services

Transitions Academy will, to the extent feasible and appropriate, coordinate and integrate parent and family engagement activities with other federal, state, and local programs. The building will allocate funds to support a district parent engagement coordinator who will work with local agencies to provide district-wide parent training and individualized support for parents.

Building Capacity of Parents

Transitions Academy will build parent's capacity for strong parent and family engagement to ensure effective involvement of parents and to support a partnership among the school and community to improve student academic achievement through the development of a yearly plan that includes the following:

- Providing parents, throughout the school year, with a description and explanation of the curriculum in use at the school, the forms of academic assessments used to measure student progress, and the achievement levels of students on the challenging academic standards;
- Providing materials and training to help parents work with their children to improve their children's achievement, such as literacy training, and using technology, as appropriate, to foster parent and family engagement; and
- Providing assistance to parents of participating children, as appropriate, in understanding topics such as the following:
 - o The state's academic standards
 - o The state and local academic assessments, including alternate assessments;
 - o The requirements of Title I, Part A;
 - o How to monitor their child's progress; and
 - o How to work with educators to improve the achievement of their children.

Building Capacity of School Staff

Transitions Academy will provide training to educate teachers, specialized instructional support personnel, principals, other school leaders, and other school staff, with the assistance of parents in the value and utility of contributions of parents and in how to reach out to, communicate with and work with parents as equal partners,

implement and coordinate parent programs, and build ties between parents and the school. Colerain Middle School will include in the yearly parent and family engagement plan, activities that support this learning for school staff.

Colerain Middle School will provide other reasonable support for parent and family engagement activities under Section 116 as parents may request by carefully considering feedback and suggestions provided during monthly meetings and responding as soon as practically possible.

For the 2025 – 2026 school year, Northwest Local School District will offer students in grades PreK-12 a Chromebook for use at school. The 1:1 Chromebook initiative is to enhance the opportunities for students using 21st-century learning in order to meet the demands of an evolving global economy and the job market. For students and parents/guardians, the following information is provided to help everyone understand the expectation and the responsibility of care and use related to being assigned a Chromebook. After reviewing all of the following information students and parents will need to sign off before students will be assigned their Chromebook for the year.

Key points to remember:

- Students are expected to treat the Chromebook as a valuable piece of equipment.
- Students must take precautions to prevent damage to the Chromebook; for example, do not leave the Chromebook where there is a danger of coming in contact with moisture or excessive heat. This also includes carrying the Chromebook in a safe and secure manner. Chromebooks should be left in the protective case provided at all times.
- Students must take all precautions to prevent theft; for example, do not leave the Chromebook out unattended.
- Students are to use the Chromebook to access only socially and educationally appropriate materials and websites.
- Students must not use the Chromebook to purchase goods and services via the Internet. (Parents/students are charged with full responsibility for any financial obligations incurred from the inappropriate use of the Chromebook)

Willful failure to return the Chromebook in a reasonable amount of time and/or in good working condition may result in criminal prosecution.
- Since the Chromebooks are the property of the Northwest Local School District, officials of the schools have the right to review all material stored on or accessed by any Chromebook. School officials may revoke a student's Chromebook use privileges for misuse or violation of policies.
- Students will receive instruction from school/ district staff on the proper use of the Chromebook.

Precautions and Care

Receiving Your Chromebook

Chromebooks will be assigned and distributed to students through their homeroom/ advisory. Before receiving the Chromebook, students and parents must sign and return these forms/agreements:

- The Northwest Local School District Acceptable Use Policy via the school planner or Registration Gateway
- The 2018-19 NWLSD Chromebook Care and Responsibility Information

Revised June 2019

Using Your Chromebook at School

- Chromebooks are for use at school each day. Students are responsible for bringing their Chromebooks to all classes. Students are also responsible to charge their device each night and bring it back to school each day.

Chromebooks Undergoing Repair

- Chromebooks that need repair will be taken to the building's designated location. If the Chromebook can not be fixed right away a loaner device may be issued to the student until their assigned Chromebook is fixed. Students should turn in their loaner Chromebook to their homeroom/ advisory each day until their assigned Chromebook is fixed. Once the student's assigned Chromebook is working, students will be called to the building's designated location (office/ media center) to return the loaner

device and get their assigned device back.

- When a student's device is broken or damaged that device will be repaired and then returned to the student. Only under exceptional circumstances will a new device be returned to the student.
- Students that lose their Chromebook due to technology-related disciplinary reasons will not be allowed to check out a loaner laptop without the approval of the Administration or the Technology Supervisor.

- The computer is the property of the school district. Therefore, school staff members have the right to check any materials stored on a student's Chromebook, including the screensaver at any time.
- Violations of this policy will result in disciplinary action.

Sound

- The sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- It is suggested that students should have a set of earbuds or earphones for listening to things privately on the device during class.

Student work

- It is the student's responsibility to ensure that work is not lost due to technical failure or accidental deletion. Computer malfunctions are not an acceptable excuse for not submitting work.
- Chromebooks are considered required materials no different than a textbook. Therefore, the consequences of not having a charged device in class will be determined by the classroom teacher. Students will not be excused from classroom activities, assignments, or expectations if they forget to bring their device to class.

Academic Acceleration

In accordance with the belief that all children are entitled to an education commensurate with their particular needs, students who can exceed the grade-level standards set by the Ohio Department of Education and Workforce and the District should be afforded the opportunity and be encouraged to do so. The Board believes that all students, including advanced learners, should be challenged and supported to reach their full potential. For some advanced learners, this can best be achieved by affording them access to curriculum, learning environments and instructional interventions more commonly provided to older peers. This is referred to as academic acceleration. NWLSD accelerates students after careful evaluation of the student's level of performance and readiness, using the IOWA Acceleration Scale (IAS). Parents considering acceleration should contact the child's principal for information about referring their child for evaluation. *(BOE Policy 5408)*

There are four forms of acceleration: early entrance to kindergarten or first grade, whole-grade acceleration, acceleration in individual subject areas (referred to as a single-subject acceleration), and early high school graduation.

Early entrance to Kindergarten or First Grade

Parents who see evidence that their student is advanced in ability and achievement can consider Early Entrance to Kindergarten or First Grade. The process involves cognitive ability and academic testing, as well as team consideration of social/emotional factors that will affect the child in the classroom. A minimum cognitive ability score of 115 is required for consideration for early entrance based on the criteria outlined by the IOWA Acceleration Scale (IAS). **Parents can begin submitting requests for Early Entrance on March 1st. Our deadline for Early Entrance applications is the last day of the school year in May.** This timeline allows us to complete evaluations prior to the start of the school year.

Subject Acceleration

Occasionally a student's ability in a particular subject area may be so advanced that their needs are best met by an above grade-level curriculum. Single-subject acceleration is considered by a whole team that includes the parent, building staff, administrators, and a representative from the Gifted Department. Multiple data points are considered when determining subject-acceleration for a child. This process begins through a discussion with the classroom/subject area teacher and the building principal.

In the Northwest Local School District, students taking high school Honors Algebra I in middle school and/or Honors Geometry prior to the 10th grade, are considered single-subject accelerated in math. The first time that students are accelerated, a Written Acceleration Plan is completed and shared electronically. Gifted identification is not required for single-subject acceleration.

Whole Grade Acceleration

In even fewer instances, a student's ability and achievement in all content areas may be so advanced that their educational needs may be best met through placement at a higher-grade level. The decision to meet a student's needs through whole grade acceleration is made very carefully and takes into account both academics and the social and emotional needs of the student. Whole grade acceleration is considered by a team that includes the parent, building staff, administrators, and a representative from the Gifted Department. Multiple data points are considered and, as required by the Ohio Department of Education and Workforce, are processed using the Iowa

Acceleration Scale (IAS). This process typically begins through a discussion with the classroom teachers, along with the building principal.

Early Graduation

Some students take advantage of the option to graduate in less than four years. This is processed through the counseling department at the high school and requires the student to meet the credit requirements of graduation as determined by Ohio Department of Education guidelines and Northwest Local School District guidelines.

Appeal

A parent or legal guardian of the student referred for academic acceleration may appeal in writing the decision of the evaluation committee to the local Superintendent (or his designee) within thirty days of being notified of the committee's decision. The Superintendent (or his designee) shall review the appeal and notify the parent/legal guardian who filed the appeal of his final decision within thirty days of receiving the appeal. The Superintendent (or his designee)'s decision shall be final. However, the student may be referred and evaluated again at the next available opportunity if the student is again referred for evaluation by an individual eligible to make referrals.

Gifted Identification

Screening for gifted identification occurs annually and takes place during the regular school day. Northwest Local School District universally screens all students for gifted identification in reading and math, in grades 2-8, using the NWEA MAP (Measures of Academic Progress). There is therefore no need to request gifted testing in reading or math for students in grades 2-8. The Northwest Local School District also screens all students for superior cognitive ability in grades 2 and 5, using the CogAT (Cognitive Ability Test) and offers an opportunity for high achieving newly enrolling students in grades 3, 4, and 5 to be screened for cognitive ability in January/February of each school year.

Referrals for gifted testing are accepted throughout the school year. The Northwest Local School District has defined windows for gifted testing in the fall and spring shortly after completion of the NWEA MAP testing windows. Requests for initial (first time) gifted testing are completed within 90 days of referral. All testing requests received in May are honored in the following school year. If you would like to make a referral for gifted testing outside of our universal screening windows, please complete and submit [this form](#) electronically.

Aid Program for Students

Students shall not be deprived of any of the opportunities or benefits offered by the program of instruction of the public schools of Ohio because of the financial difficulties of their family. Therefore, provisions shall be made for assistance to such students for materials for instruction. Disadvantaged children, who are in a state of correctable poor health or in social conditions detrimental to their welfare, will be referred to the proper service agencies. School personnel will cooperate with the various agencies in meeting the needs of these children.

Fees and Assessments

The basic textbook and/or online resources for each course are provided to each student without charge. Students may, however, be required to purchase workbooks and/or consumable supplies for some courses. A complete list of maximum fees by course is approved by the Board of Education in the spring/summer of each school year for the upcoming school year. Assessed fees cover the cost of the resource(s) plus shipping. Instructional fees are typically assigned to students in late August or early September through the Student Information System. 2025-26 student fees should be paid through the Student Information System's Parent Portal. **ALL current and past due fees must be paid in a timely manner. Students with unpaid fees may not be permitted to participate in school events including but not limited to: Prom and Graduation.** Instructional fee waivers based on economic eligibility are reviewed and approved by our Food Services Department only if written permission is granted by families as part of the enrollment process or during application for free or reduced priced meals.

Parent Right To Know

Dear Parents/Guardians:

The following are Northwest Local School District policies and federal laws for your information. The information has been summarized below; however, if you would like more detailed information, **please review the student handbook, visit the district website at www.nwlsd.org or contact the Northwest Local School District Central Support Offices at 923-1000 ext 3903.**

Professional Qualifications of Teachers

In accordance with the Every Student Succeeds Act/ Parent's Right to Know, this is a notification to every parent of a student in a Title I school that you have the right to know about the teaching qualifications of your child's classroom teacher in a school receiving Title I funds. The federal Every Student Succeeds Act (ESSA) requires that any school district receiving Title I funds must notify parents of each student attending any school receiving Title I funds that they may request, and the district will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum, the following:

- I. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- II. Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived;
- III. Whether the teacher is teaching in the field of discipline of the certification of the teacher; and
- IV. Whether your child is provided services by paraprofessionals and, if so, their qualifications.

Information can be accessed on the Ohio Dept. of Education website at www.ode.state.oh.us, or you may contact the Human Resource Office at 923-1000 to schedule an appointment.

Directory Information

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

Infinite Campus

The Northwest Local School District uses Infinite Campus as an online grade book in grades 2 - 12. Infinite Campus is a classroom management solution that integrates the grade book, attendance, student behavior reporting and parent communication into one comprehensive, web-based system. The Parent Access Web Site is a component of Infinite Campus that enables parents and students to view grades and attendance information. The Parent Access Web Site displays student grade averages, progress details, report cards, attendance, schedules, homework, classroom information, events, and other school information in read-only format. A letter containing step-by-step login procedures as well as username and passwords will be sent home early in the school year. Please take advantage of this great tool to stay abreast of your student's attendance and grades.

All NWLSD teachers are required to maintain a grade book and to follow the established guidelines outlined in the NWLSD Grading and Reporting Handbook. Teachers of students in grades 2--12 are required to maintain their grade book

in Infinite Campus. Student grades should be updated by teachers in Infinite Campus at least once per week.

Grading Scale – K-1

The key below is to be used to indicate a student's progress in specific academic skill areas on the report card:

(3) Meeting Standards

The student consistently meets the standards as required for the grade level.

(2) Approaching Standards

The student is approaching the standards as required for the grade level, and is making progress towards meeting standards.

(1) Below Standards

The student is not meeting the standards required for this grade level.

Grading Scale – Grades 2-12

The grading scale is A-F as shown on the report card. The corresponding percentage key adopted by Northwest Local Schools is as follows:

A	=	90-100%
B	=	80-89%
C	=	70-79%
D	=	60 – 69%
F	=	Below 60%

Student Report Cards

Report cards are available for parents approximately 8-10 school days after the end of each academic quarter. A complete list of report card dates for each quarter can be found on the [Curriculum Department webpage](#) under the heading Board Approved Handbooks.

Interim Reports

While parents have access to student grades throughout the school year via the Parent Access Web Site (Infinite Campus), high school students also receive mid-quarter interim reports to apprise of progress in credit-bearing courses. All families are encouraged to contact their student's teacher(s) if they have questions or concerns about student progress.

Assessment Results

Parents have a right to know the level of achievement their child attains on each of the state academic assessments. [ESSA Section 1112 (e)(1)(B)(i). Ohio law (Ohio Revised Code 3313.6029) requires districts to share the results of Ohio's State Tests with parents or guardians no later than June 30 of each year. Results are shared electronically with parents through the Student Information System. For the 2024-2025 school year Ohio State Test results will be available through ProgressBook no later than June 30th. Family Reports for Ohio State Tests are distributed to families when students return in the Fall because they are not received from the state prior to the June 30th deadline. Although the June 30th deadline does not apply to the Ohio English Language Proficiency Assessments (OELPS, OELPA, and Alt-OELPA), the Alternate Assessment for Students with the Most Significant Cognitive Disabilities (AASCD), ACT, or SAT, the Northwest Local School District is committed to providing results from these assessments to families in a timely manner.

School and District Report Cards

The Ohio Department of Education and Workforce (ODEW) annually issues school and district report cards. The ODEW does not mail the report cards to parents' homes. District and School Local Report Cards are available on the ODEW website www.ode.state.oh.us. The interactive Local Report Cards are typically made available to the public by ODE in September of each school year for the prior school year.

SameGoal

The Northwest Local School District uses SameGoal as its documentation, management and compliance platform for Special Programs in grades PreK - 12. SameGoal is utilized for communicating and collaborating with families regarding

evaluation and services for Special Education, Gifted Education (Written Education Plans and Written Acceleration Plans), 504 Plans, and English Language Plans. Beginning in the 2025-26 school year, SameGoal will also be the platform used for sharing the following with families: Reading Improvement and Monitoring Plans (RIMPs), Behavior Intervention Plans, Absence Intervention Plans, and Academic Intervention Plans (MTSS). Plans are typically shared electronically with families directly through SameGoal via the primary parent/guardian email address provided to the District. In some cases parents are asked to provide electronic signatures acknowledging or authorizing services through this system. Special arrangements for paper documents and communication, including translation of documents, are available upon request.

Promotion of Students

Promotion indicates that the student is capable and prepared for the level of study to which he/she has been assigned. The placement of a student in any grade level or course should be in the best interest of the student. Students who are placed rather than promoted have not yet learned all grade level standards but are moved to the next grade level based on their elevated age. Retention is viewed as another opportunity for growth at a particular level of study. In gathering facts and information for retention decisions, every effort shall be made to provide the opportunity for continuous communication between the parent/family and the school.

Students may not be promoted to the next grade level if the student has been truant for more than 10 percent of the required attendance days of the current school year and/or has failed two or more of the required curriculum subject areas in the current grade. Students may be promoted if the student's principal and the teachers of any failed subject areas agree that the student is academically prepared to be promoted to the next grade level despite these two factors.

Third Grade Reading Guarantee

Ohio's Third Grade Reading Guarantee ensures that a struggling reader receives the support he or she needs to be able to learn and achieve. All NWLSD students in kindergarten through grade three are screened to determine if they are reading as well as they should be three times per year. For students in grades K-3, reading at grade level is determined by the results of an approved reading diagnostic administered at the beginning of the school year. Under Ohio law, districts and schools must create a Reading Improvement and Monitoring Plan (RIMP) for any student in grades K-3 who scores not on track (reading below grade level) on the reading diagnostic assessment. High dosage tutoring opportunities aligned with high quality tutoring best practices and the science of reading are an Ohio requirement for reading improvement and monitoring plans (RIMPs). In addition to other RIMP requirements, high-dosage tutoring must continue beyond grade 4 if a student still is not reading at grade level. A score of proficient on Ohio's State Test for English language arts (700 or higher) is considered reading at grade level. School staff will work closely with parents to develop this plan and monitor student reading progress. Beginning with the 2025-26 school year, Reading Improvement and Monitoring Plans will be electronically shared with parents through SameGoal.

If a student is retained in the third grade, the school will provide individualized instructional plans to meet the specific needs of each student. Schools may move students to the fourth grade in the middle of the year according to the following procedures:

Mid-Year Promotion for Third (3rd) Grade Students Retained Due to the Third Grade Reading Guarantee (TGRG)

A retained third grade student will have an additional opportunity to demonstrate readiness for 4th grade. If a child reaches the earns a passing score of 700 on the fall administration of the state reading assessment, he/she will be considered for mid-year promotion to fourth (4th) grade:

After a retained third (3rd) grader has met either of the above mentioned criteria, a conference will be held including the parent(s), current teacher, building administrator(s), and any other necessary school personnel. If all parties are in agreement that it is in the child's best interest, he/she will be promoted to 4th grade as soon as possible.

NWLSD Student Services Department

NWLSD Code of Conduct Guidelines

NWLSD recognizes its responsibility to provide all students with an environment conducive to the development of their maximum learning potential. The Code of Conduct supports this endeavor by setting forth expectations that will ensure that the school environment is best suited for learner growth. The Code of Conduct is adopted by the Board pursuant to state law.

Any student engaging in the following types of conduct, either specifically or generally, like the type of conduct listed below is subject to suspension, expulsion, emergency removal or permanent exclusion from curricular or extracurricular activities pursuant to State law. This Code of Regulations applies while a student is in the custody or control of the school, on school grounds or closely proximate thereto, while at a school-sponsored function or activity or on school-owned or provided transportation vehicles. In addition, the Code of Regulations governs a student's conduct at all times, on or off school property and in the virtual environment, unless specifically limited to school property as stated in a regulation, when such student conduct is reasonably related to the health and safety of other students and/or school employees, or such conduct would unreasonably interrupt the educational processes of the District.

The NWLSD Progressive Discipline Code is divided into four levels. Each level represents progressively more serious misbehavior and consequences. The level of discipline shall be based on the severity of the misbehavior and the number of infractions involved with each referral. **The Administration reserves the right to skip levels of discipline depending upon the violation.** Although it may be necessary, school removal is used as a last resort.

The law requires that students are provided with a written notice of intent to suspend prior to being suspended. State law also requires that students and parents are provided with a written notice of intent to expel.

The written notice of intent to suspend shall be given to the student at an informal hearing. The notice of intent to expel shall be sent to the student and the parents and the students and parents will be provided an opportunity for an informal hearing prior to a decision to expel.

A student or the parents may appeal any decision of the District administration to suspend a student from school to the Superintendent/designee. A student or parent must request a **suspension appeal** in writing within **10 days** after the discipline measure takes effect. A student or the parents may appeal an expulsion from school to the Board/designee. A student or parent must request an **expulsion appeal** in writing within 14 days after the discipline measure takes effect. Appeal paperwork is located in each school office as well as the Administrative Offices. The appeal process includes an additional informal meeting with a hearing officer. The student and parents may be represented in all appeal hearings but notice to the NWLSD Student Services Offices is requested if bringing legal representation to reduce the chances of a possible rescheduling of the hearing. Pursuant to State law, a student or parents may further appeal an expulsion or suspension to the Hamilton County Court of Common Pleas.

It is the policy of the Board that students shall not be permitted to return to school pending any appeal process with the administration or the court. The District will make every effort to promptly hear all appeals to minimize a student's absence from school. Should the Board, the Superintendent, or their designees reverse or modify a discipline decision and permit a student to return to school, such student shall be permitted ample time to make up all assignments and work missed as a result of his/her absence.

Level IV Discipline:

Level IV discipline offenses are the most serious acts of misconduct. These offenses must be immediately reported to the administration. These violations are so serious that they may require use of outside agencies and/or law enforcement. Such acts may also result in criminal penalties being imposed. Due process procedures required by federal and state law will be followed. These may include such procedures as the procedural safeguards provided by the 2004 Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973.

Staff Interventions:

- Office Referral
- Notify Administration Immediately

Administrative Interventions*:

- Support from District Behavior Specialist
- Referral to Counselor or Counseling/Therapy Services
- No Contact Order Between Students
- Multiple Day Out-of-School Suspension (OSS)
- Recommendation for Expulsion
- Removal of privilege to attend or participate in extracurricular activities and events
- First-Time Drug Offense Intervention Procedures

* For students in grades PreK-3rd grade, different administrative interventions may apply for Level III discipline offenses based on Ohio Revised Code Section 3313.68.

Bus Guidelines

The safety of our students is paramount for the NWLSD. Students that ride school buses must conduct themselves with safety in mind at all times. Chapter 3301-83 of the Ohio Administrative Code contains operation and safety rules regulating pupil transportation, and governs all pupil transportation in Ohio. Even beyond the Ohio Administrative Code, while on a school bus, the NWLSD CODE OF CONDUCT applies to student conduct. Failure to comply with the student code of conduct, Ohio Administrative Code, or established procedures below may result in school disciplinary action and/or removal from bus riding privileges.

Bus Stop Safety Procedures: Students are expected to follow bus stop safety procedures at all times while waiting for, entering, or exiting the bus. (ORC 3301-83-13(B)(6))

- Students must be at the bus stop (in their place of safety) at least FIVE (5) minutes before the students scheduled stop time; the bus must run on schedule and cannot wait for those who are late.

Students must make sure that the road is either clear of all traffic or that all traffic has come to a complete stop before crossing AND WAIT FOR THE SIGNAL TO CROSS FROM THE DRIVER.

- Students must get on and off the bus at their assigned board approved bus stop.

the Danger Zone around a school bus is the area 10 feet around the bus. The two most dangerous areas are the front of the bus and the right rear tire area. The driver is not able to see these areas!!! Stay out of these areas.

Parents PLEASE do not call your child to your location until the bus has departed.

Bus Ride Safety Procedures: Students are expected to maintain a safe, conducive, and respectful bus environment. Student behavior on the bus should be the same as in the classroom. The drivers' primary responsibility is to

operate the school bus on Ohio roadways in a safe manner (ORC 3301-83-08).

- Sitting in a seat on the bus. Each student shall sit in a position which will provide maximum protection by the seat back. ORC 3301-83-18). Other Policies & Information

Hazing and Bullying (Harassment, Intimidation and Dating Violence)

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Throughout this policy the term bullying is used in place of harassment, intimidation and bullying.

Bullying, harassment and intimidation is an intentional written, verbal or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property or at a school-sponsored activity.

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices, are inconsistent with the educational process and are prohibited at all times. No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the Superintendent/designee and appropriate discipline is administered.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

Administrative Response

The building principal/designee shall promptly investigate all reports of harassment, intimidation or bullying. All matters involving such complaints should remain confidential to the extent permitted by law.

1. The principal/designee will confer with the student, parent or guardian making the report in order to obtain a clear understanding of the alleged facts. If not already completed, the principal/designee will complete the harassment, intimidation or bullying complaint form. A copy of the complaint form is attached in the back of this handbook.
2. The principal/designee will meet with all witnesses identified by the person(s) making the report of harassment, intimidation or bullying. Witnesses will be asked to make a statement both orally and in writing regarding the alleged facts that form the basis of the complaint.
3. The principal/designee will meet with the student(s) accused of harassment, intimidation or bullying to obtain a response to the complaint both orally and in writing.
4. Following the completion of the investigation, any student(s) found to have violated this policy will be subject to any of the disciplinary actions described in the Student Code of Conduct.
5. Retaliation against any student who makes a complaint of harassment, intimidation or bullying, or any student who becomes involved in the investigation of such complaint, is strictly prohibited, and may result in discipline irrespective of the merits of the initial complaint.
6. The building principal/designee shall have the authority to involve local law enforcement if an individual believes danger is imminent due to the alleged harassment, intimidation or bullying.

Preventative Measures

To the extent that state or federal funds are appropriated for these purposes, the Board will provide training, workshops or courses on this policy to school employees and volunteers who have direct contact with students.

Teachers, guidance counselors, coaches and building administration will educate students about this policy through class discussion, counseling and reinforcement of appropriate student behavior. School personnel should intervene promptly whenever they observe student-on-student misbehavior, even if such conduct does not yet meet the frequency, severity or pervasiveness to constitute harassment, intimidation, or bullying that is prohibited by this policy.

If the building principal/designee finds that a student has been the victim of harassment, intimidation or bullying, in addition to the imposition of disciplinary action against the student-offender, the following strategies may be implemented to protect the victim from additional harassment, intimidation or bullying:

1. Staff may be instructed to observe and record the behavior of the student-offender in less-supervised settings such as the cafeteria, playground and restrooms. If the student-offender's misbehavior persists, administration may assign the student-offender to recess, lunch or class-release times different from those of the student-victim.
2. The offending student and parent(s) or guardian(s) may be requested to participate in a conference with building administration and staff in an attempt to enlist the parent(s) or guardian(s) to work cooperatively with the school to stop the harassment, intimidation or bullying.
3. In consultation with the student-victim and parent(s) or guardian(s), examine the student's daily schedule to identify those activities where harassment, intimidation or bullying most often occur. Make arrangements to increase supervision or adjust the student's schedule to reduce or eliminate under-supervised activities.
4. Change classroom layout or rearrange seating to eliminate "blind spots" where future acts of harassment, intimidation or bullying may occur.

The Board designates the Director of Student Services and Director of Special Education to serve as the District's "Compliance Officers" (also known as "Civil Rights Coordinators") and may be contacted by email at studentservices@nwlsd.org or phone at (513) 923-1000 extension 3907.

Threats or Intimidation

Threats of violence or intimidation toward another student are serious violations of the student code of conduct and will result in appropriate discipline. As provided in Ohio Revised Code 3313.66 (A) (5) a student may be expelled for a period of up to one-year for making a bomb threat to a school building or to any premises at which a school activity is occurring at the time of the threat. The period of expulsion shall extend as necessary into the next school year.

Alternative Learning Placement (ALP)

The purpose of ALP is to provide targeted behavior supports to students who have been identified through the Student Support Process as needing increasingly more intense behavior interventions. ALP services allow for these more intensive behavior interventions to be put in place while allowing learning to continue.

Alternate School Assignment (ASA)

Subject to the discretion of a building administrator, a student violating school rules may incur an alternate school assignment not to exceed three consecutive days. A student serving an alternate school assignment shall remain in a room within the school building separated from the regular classes and school activities. The student shall complete the class assignments provided by the student's regular teachers under the supervision of a staff member.

The student will receive a copy of the alternate school assignment rules at the beginning of the school day. A student violating these rules may incur additional disciplinary action. While serving an alternate school assignment, the student shall not participate in extracurricular activities.

The following procedures apply to students who are serving an alternate school assignment:

1. The student will be required to complete all class assignments and tests provided while in the alternate school assignment. However, it may not be feasible or possible to make up some tests.
2. If a make-up test is not required, no grade entry will be made nor will a penalty be assessed.
3. If a make-up test is required, the student will have the equivalent number of days served in the alternate school assignment to make up tests unless the time is extended by the teacher or a building administrator. The student may receive a zero for all tests not made up.
4. The student shall turn in long-range assignments, such as science projects and book reports, to the alternate school assignment staff member on the day they are due for all students.
5. The student must abide by the rules and procedures for alternate school assignment or be subject to more serious disciplinary action.

Detention of Students

After school detention may be used by teachers and principals. Parents must be notified by phone or in writing at least one day in advance, unless it is mutually agreed that the student will remain on the day the detention is issued. When a student receives a detention, he/she forfeits his/her right to bus transportation. A student is not to be excused from detention to participate in athletic events or extracurricular activities.

Suspension, Expulsion & Removal of Students

This policy governs suspension, expulsion or emergency removal of a student from school, or the suspension or removal of a student from a team or other extracurricular activity.

1. Suspension

Whenever the Superintendent/designee or building principal finds it necessary to suspend a pupil from school for not more than 10 school days, the following procedure shall be followed prior to the suspension of said pupil:

- A. The pupil will be given written notice of said administrator's intention to suspend said student and the written notice will contain reasons for the intended suspension.

- B. The pupil will be given an opportunity for an informal hearing before the principal, assistant principal, Superintendent/designee to challenge the reasons for the intended suspension or explain the reason for the action.
- C. If the pupil is suspended after the hearing, the administrator shall notify the pupil's parent, guardian or custodian and the Treasurer of the Board within 24 hours. The notice shall include:
 - 1) the reason(s) for suspension.
 - 2) the right of the pupil, parent, guardian or custodian to appeal said suspension to the Board of Education's designee and
 - 3) the right to be represented at the hearings before the Board's designee.

D. Appeal Procedure: Should a student or a student's parent(s) choose to appeal the suspension, he/she must do so within 10 calendar days of the notice of suspension. The appeal shall be in writing and made to the Student Services. The Student Services department will schedule the meeting with the Board Appointed Hearing Officer and notify the family. All witnesses are sworn and a recording is kept of the hearing. The decision of the Hearing Officer will be relayed after the hearing is complete. The student may be excluded from school during the appeal process.

E. Appeal to Court: Under State law, appeal of the Board's or its designee's decision may be made to the Court of Common Pleas.

2. Expulsion

Whenever a Superintendent intends to expel a pupil from school, the following steps must be taken prior to the expulsion:

- A. A written notice of intention to expel must be given to the pupil and the parent, guardian or custodian.
- B. Said notice to the pupil and the parent, guardian or custodian must include the following:
 - 1) The reason(s) for the intended expulsion.
 - 2) Notification of the opportunity of the pupil, parent, guardian or custodian or their representative to appear before the Superintendent or administrative designee, to challenge the reasons for the intended expulsion.
 - 3) Notification of the time and place to appear before the Superintendent or administrative designee, said time to be not earlier than three nor more than five days after the notice is given, unless an external circumstance delays the timeline or unless an extension is granted by the administrator at the request of the pupil, parent, guardian or custodian, or their representative. If an extension is granted after giving the original notice, the administrator shall notify the pupil, parent, guardian, custodian or representative of the new time and place for the hearing.
- C. The pupil and the parent, guardian or custodian and their representative must be given an opportunity to appear before the Superintendent or administrative designee, to challenge the reasons for the intended expulsion, or to explain the pupil's actions.
- D. If the pupil is expelled after the hearing, the administrator will notify the pupil's parent, guardian or custodian and the Treasurer of the Board within 24 hours. This notice shall include:
 - 1) The reason(s) for the expulsion;
 - 2) The right of the pupil, parent, guardian or custodian to appeal said expulsion to the Board/designated hearing officer;
 - 3) The right to be represented at the appeal before the Board-designated hearing officer. Any student who is expelled from school for more than 20 days or into the following semester or school year is referred to an agency which works towards improving the student's attitudes and behavior. The Superintendent provides the student and his/her parent(s) with the names, addresses and telephone numbers of the public and private agencies providing such services.
- E. Appeal to the Board: A student or a student's parent(s) may appeal the expulsion by the Superintendent to the Board/designated hearing officer. The expulsion appeal must be within 14 calendar days after the notice of intent to expel was provided to the student, parent, guardian or custodian. The appeal request shall be in writing to the Director of Student Services. The student may be represented in all such appeal proceedings and is granted a hearing before the Board or its designee. All witnesses are sworn and a record is kept of the hearing. The student may be excluded from school during the appeal process.
- F. Appeal to the Court: Under State law, the decision of the Board may be further appealed to the Court of Common Pleas.

Expulsion Hearing Results

The superintendent may expel a pupil from school for a period not to exceed 80 school days. Students who violate the Gun Free Schools policy or make a bomb threat to a school building or any premises at which a school activity is occurring at the time of the threat (ORC 3313.66 A 5) will be subject to expulsion from school for one calendar year. If at the time an expulsion is imposed, the number of school days remaining in the school year is less than the number of days of expulsion that is given, the superintendent may apply any remaining part or all of the period of the expulsion to the following school year.

If the student is expelled for ten (10) days or less during a quarter, the student is eligible for credit for the courses passed. Make-up privileges as outlined in these procedures will apply to expulsions of ten (10) days or less during a quarter.

When the student is expelled for more than ten (10) days during a quarter, the student may not be eligible to make up work for that term.

When a student is expelled for more than 20 days, or for any period of time if the expulsion will extend into the following semester or school year, the school district will provide the student and his or her parent, guardian or custodian information about services or programs offered by public and private agencies to work toward improving those aspects of the pupil's attitude and behavior which contributed to the incident that gave rise to the pupil's expulsion.

While on expulsion, the student may not attend school or school related functions, including after-school activities. The policy applies to all school buildings, grounds and all school functions within the Northwest Local School District.

3. Emergency Removal

Whenever a pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process within the classroom or elsewhere on the school premises, school personnel may take the following actions:

- A. The Superintendent, principal, or assistant principal may remove the pupil from the school premises.
- B. A teacher may remove the pupil from any activity under the teacher's supervision.
- C. These actions may be taken without written notice or informal hearing to the pupil.
- D. If the pupil is removed by a teacher under this section, the teacher shall submit the reason(s) for said removal in writing to the principal.
- E. If a pupil is removed by a teacher under this section for more than 24 hours, written notice of a hearing and the reasons for removal shall be given to the pupil as soon as practicable prior to the hearing and said hearing will be held within 72 hours from the time of the initial removal.
- F. The hearing will be held in accordance with the requirements under the rules for suspension from school unless expulsion is probable, in which case the hearing shall be held in accordance with the rules for expulsion from school. If suspension or removal from a team or an activity is probable, the hearing will be conducted under the rules for suspension or removal from a team or activity.
- G. The party ordering, causing, or requesting the removal of the pupil on an emergency basis shall be present at the hearing.
- H. In the case of removal under emergency removal (b), if a pupil is reinstated to the activity under the teacher's supervision prior to a hearing, the teacher shall, upon request, be given the reasons for such reinstatement in writing.
- I. None of the notice or hearing requirements as set forth in suspension, expulsion or denying the privilege of participation in extracurricular activities shall be necessary where a pupil is removed from activities for a period less than 24 hours and is not subject to suspension from school and/or expulsion from school and/or suspension or removal from a team or activity.

Damage to School Property

It is the responsibility of the school district to protect its property from damage and destruction. A student may be required to pay for school property damaged or destroyed as a result of negligence. The parents or guardians of students who intentionally damage or destroy school property may be held responsible for restitution in accordance with the Ohio

Revised Code. As a reminder, Chromebooks that students use are considered the property of the school district. The administration will pursue restitution in all acts of vandalism or intentional damages or destruction of school property.

Fire, Tornado, and Lockdown Crisis Drills

Periodically, the school reviews and practices procedures in the event of an emergency. During these drills, students follow the instructions of their teachers. Directions for leaving the building and shelter locations are posted in each room.

Safe School Hotline

The SaferOh tip line will accept both calls and texts 24 hours a day regarding bullying, potential suicide risks, violence, or other school safety issues. This information is anonymous and reported directly to the designated administrator at your school. This tip line allows students and adults to anonymously share information with school officials and law enforcement about threats to student safety – whether that involves a threatened mass incident or harm to a single student. Call or Text to **844-SaferOh (844-723-3764)**

Self-Harm Concerns

- It is critical for the school counselors to know if your student is experiencing thoughts around self-harm.
- Your school counselor will help you navigate the supports available and connect you to resources.
- Both high schools and all middle schools have a student Hope Squad. Reach out to the counseling center for more details.

Threats or Other Concerns for Safety

- It is important that we work together as a community to ensure safety. The “[See Something, Say Something Form](#)” is a place where information about potential threats can be shared. Threats may include reason to suspect harm to self or others. There will be a follow up on each concern.

Search and Seizure

The Board recognizes that the privacy of students and their belongings may not be violated by an unreasonable search and seizure, and directs that no student be searched without reasonable suspicion or in an unreasonable manner. Random locker searches may be conducted without reasonable suspicion of a violation of the law or Board policy.

School authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search a student's person or property, including, but not limited to: book bags, purses, wallets, clothing and motor vehicles. When appropriate, the building principal shall seek the freely offered consent of the student to the inspection. However, if a student refuses to consent, a search may still be conducted when the administrator has reasonable grounds for suspecting that the search will discover evidence that the student has violated or is violating either a law or a school rule. Searches shall employ reasonable measures that are not excessively intrusive considering the age and gender of the student and the nature of the suspected infraction. Whenever possible, a search will be conducted by the building administrator in the presence of the student and a staff member other than the building administrator.

The building administrator shall be responsible for the prompt written recording of each student search, including the reasons for the search; the information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The building administrator shall be responsible for the custody, control and disposition of any illegal or dangerous substance or object taken from a student.

This authorization to search shall apply to all situations in which the student is under the jurisdiction of the Board — including all curricular and extracurricular activities and events, regardless of location.

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Such spaces remain the property of the Board and, in accordance with law, may be subject to random searches. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have an expectation of privacy as to prevent examination by a school official. This policy will be posted in every building near in-school storage areas.

The Board reserves the power to search any locker or lockers in emergency situations that immediately threaten the health or safety of any person, or threaten to damage or destroy any property under the control of the Board, or when such an emergency appears to exist. Such searches are allowed whenever it is reasonably believed to be necessary to avert a threat or apparent threat.

The Board also authorizes the use of canines trained in detecting the presence of illegal materials. This means of detection shall be used only to determine the possible presence of illegal materials in locker areas, parking areas and other places on school property where such materials could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities and is not to be used to search individual students unless a warrant has been obtained.

General use of canine detection does not constitute a search, and may be employed at any time. A subsequent search is proper when a canine has indicated the presence of illegal materials, even if a reasonable suspicion regarding that particular area containing illegal materials did not exist before the canine detection.

Sexual Harassment Involving Students

All persons associated with the District, including, but not limited to, the Board, the administration, the staff and the students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment. Sexual harassment, whether verbal or nonverbal, occurring inside or outside of District buildings, on other District-owned property or at school-sponsored social functions/activities, is illegal and unacceptable and will not be tolerated. Any person who engages in sexual harassment while acting as a member of the school community is in violation of this policy.

Definition of Sexual Harassment: Unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature may constitute sexual harassment when:

1. Submission to such conduct is made, either explicitly or implicitly, a term or condition of a person's employment or educational development;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for employment or education decisions affecting such individual or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile or offensive environment.

Examples of sexual harassment-type conduct may include, but are not limited to, unwanted sexual advances; demands for sexual favors in exchange for favorable treatment or continued employment; repeated sexual jokes, flirtations, advances or propositions; verbal abuse of a sexual nature; graphic verbal commentary relating to an individual's body, sexual prowess or sexual deficiencies; coerced sexual activities; any unwanted physical contact; sexually suggestive or obscene comments or gestures; or displays in the workplace of sexually suggestive or obscene objects or pictures. Whether any act or comment constitutes sexual harassment-type conduct is often dependent on the individual recipient.

The Board directs the Superintendent to appoint one or more administrators who are vested with the authority and responsibility for investigating all sexual harassment complaints in accordance with the procedures set forth in the accompanying procedure and staff and student handbooks.

Sexual harassment matters, including the identity of both the charging party and the accused, are kept confidential to the extent possible. Although discipline may be imposed against the accused upon a finding of guilt, retaliation is prohibited.

The Board has developed complaint procedures that are made available to every member of the school community. The Board has also identified disciplinary penalties that could be imposed on the offenders.

- Occurrences involving students as offenders will be handled in the same manner as other disciplinary situations. These procedures will include full due process protections, and could result in suspension, expulsion, referral to law enforcement agencies and/or recommendations for counseling.
- Occurrences involving employees as offenders toward students will be investigated by the building principal. If further investigation is warranted, the compliance officers will investigate. The information obtained from the investigations will be reported to the Superintendent for proper disposition.
- Occurrences involving members of the general public as offenders toward students will be reported to an appropriate law enforcement agency.

Retaliation

Any act of retaliation against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation is prohibited.

Interviewing Students

When law enforcement officers, agency representatives, or other officials request to question a student regarding a matter that is not school-related, school officials will make reasonable efforts to notify parents of the official's request to question their child. However, since it is unlawful to impede a police investigation, if after reasonable efforts to notify parents have failed, police officials will be allowed to question the child in the presence of an administrator. In such instances, parents will be promptly notified following any such interview or questioning. When parents request to be present during these interviews, reasonable accommodations will be made to allow time for parents to promptly arrive at school. However, if parents are unable or unwilling to arrive at school in a timely manner, police officials will be allowed to question the child in the presence of an administrator. School officials may not impede a police investigation indefinitely. Parents will be notified by school officials following any such interview or questioning.

Only students whose parents or guardians reside in the District can attend District schools. School officials may question students about issues of residency without parent notification or permission.

Locker Searches

In order to protect the health and safety of all students, school administrators may conduct random locker searches. Lockers are the property of the school district. Consequently, administrators may open the lockers and examine the contents contained therein without prior notice to the students.

Non-Discrimination

The Board of Education does not permit discriminatory practices and views harassment as a form of discrimination. Harassment is defined as intimidation by threats of or actual physical violence; the creation, by whatever means, of a climate of hostility or intimidation; or the use of language, conduct or symbols in such a manner as to be commonly understood to convey hatred, contempt or prejudice or to have the effect of insulting or stigmatizing an individual.

All students are responsible to help assure that the district does not discriminate. If an individual feels that he/she has experienced, witnessed or has information regarding possible discrimination, the individual should immediately notify the administration of the district. The Board of Education prohibits retaliation against anyone, who in good faith, reports possible discrimination, makes a discrimination complaint, or cooperates in a discrimination complaint investigation or any related proceeding.

The district's policy is to investigate all discrimination complaints promptly and thoroughly. To the fullest extent practicable, the district will keep complaints and the terms of their resolution confidential. If an investigation confirms that discrimination has occurred, the district will take corrective action including, but not limited to, appropriate disciplinary action.

Permission, consent or assumption of risk by an individual subjected to discrimination does not lessen the prohibition contained in this policy.

Equal Educational Opportunities

All students of the District have equal educational opportunities. Students have the right to be free from discrimination on the basis of race, color, national origin, ancestry, citizenship status, religion, sex, economic status, marital status,

pregnancy, age, disability or military status in all decisions affecting admissions; membership in school-sponsored organizations, clubs or activities; access to facilities; distribution of funds; academic evaluations or any other aspect of school-sponsored activities. Any limitations with regard to participation in a school-sponsored activity are based on criteria reasonably related to that specific activity.

Protection of Pupil Rights Amendment (PPRA) <https://www2.ed.gov/policy/gen/guid/fpco/ppra/index.html>

The Protection of Pupil Rights Amendment (PPRA) (20 U.S.C. § 1232h; 34 CFR Part 98) applies to programs that receive funding from the U.S. Department of Education (ED). PPRA is intended to protect the rights of parents and students in two ways:

- It seeks to ensure that schools and contractors make instructional materials available for inspection by parents if those materials will be used in connection with an ED-funded survey, analysis, or evaluation in which their children participate; and
- It seeks to ensure that schools and contractors obtain written parental consent before minor students are required to participate in any ED-funded survey, analysis, or evaluation that reveals information concerning:
 1. Political affiliations;
 2. Mental and psychological problems potentially embarrassing to the student and his/her family;
 3. Sex behavior and attitudes;
 4. Illegal, anti-social, self-incriminating and demeaning behavior;
 5. Critical appraisals of other individuals with whom respondents have close family relationships;
 6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers; or
 7. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Family Educational Rights and Privacy Act (FERPA) <https://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

NWLSD Enrollment/Attendance Office

Student Absences and Excuses

Regular attendance by all students is very important. The Superintendent shall develop procedures governing student absences and excuses as part of the attendance handbook. The Board will adopt the attendance handbook on an annual basis. The student absences and excuses procedures will be Board policy for the year of adoption.

Acceptance of notes from doctors and other documentation of absence

Legitimate verification of absence from a third party source (doctor's notes, etc.) will be accepted up to **5 work days after the absence**. In the case of absences of multiple days, notification must be received by the fifth work day after the student returns to school. When there is an extended period of absence, contact should be maintained between the home and school. More than one note from a medical professional may be necessary in this situation. If a student/parent does not provide third party documentation, he/she will be marked unexcused and may be referred for truancy and/or failure of classes.

Due to House Bill 410:

Regular school attendance is required by Ohio Law and is a key factor for student success in school. House Bill 410, of the Ohio Legislature, mandates that students attend school every day that school is in session. It is important to establish good attendance patterns early in a child's school experience. Custodial parents/guardians will be notified when a student incurs either of the following:

Excessive Absences

38 or more hours in any month (Excused & Unexcused)
65 or more hours in a year (Excused & Unexcused)

Habitual Truancy

30 or more consecutive hours (Unexcused ONLY)
42 or more hours in any month (Unexcused ONLY)
72 or more hours in a year (Unexcused ONLY)

Please keep in mind, only third-party and/or medically excused absence hours do not count toward unexcused absences (court notice, doctor note for example).

House Bill 410 Required Action Steps

1. Any student who has received this letter under the Excessive Absence guidelines, all further absences for the remainder of the school year must be verified by third party documentation to be counted as excused absences. A parent note or phone call is not sufficient for an absence to be excused. Your son/daughter must bring a statement from a third party, such as a medical professional, or the absence will be **unexcused**. The documentation must be received **within five working days of the absence**.
2. Any student who has received this letter that is under the Habitual Truancy guidelines or reach Habitually Truant criteria, will have an Absence Intervention Team convened within 14 days of this letter and the student will be referred to this group. The parent(s)/guardian(s) will be invited to attend the meeting. The purpose of the meeting will be to discuss the causes for absenteeism, and work together with the team to develop interventions that can be implemented at school and home to help address the absences and improve attendance in school.
3. The school and parent(s)/guardian(s) will work to develop a positive working relationship with open lines of communication to address attendance, and will continue to actively monitor attendance from the date the plan is put into effect for the student.
4. If at any time since the implementation of this plan the student again incurs any of the triggering events described above for Habitual Truancy, the school will then file a complaint with the Hamilton County Juvenile Court and bring charges against the parent and/or student for truancy. If however, after 60 days of attempting this Absence Intervention Plan, the student does not incur any of the triggering events, but shows little progress in improving his/her attendance, the school can then also file a complaint with the Hamilton County Juvenile Court and bring charges against the parent and/or student for truancy.

Student Absences and Excuses

It is important to note that excused absences are included in the excessive absence criteria but do not count towards the habitually truant criteria per the Ohio Department of Education and Workforce. Reasons for which students may be excused **when third-party documentation is provided** include, but are not limited to:

1. personal illness of the student;
2. illness in the student's family;
3. needed at home to perform necessary work directly and exclusively for parents or legal guardians (applies to students over 14 years of age only);
4. death in the family;
5. quarantine for contagious disease;
6. religious reasons;
7. traveling out of state to attend a Board-approved enrichment activity or extracurricular activity (applies to absences of up to four days); or
8. or as determined by the Superintendent.

Each student who is absent must immediately, upon return to school, make arrangements with his/her teacher(s) to make up any work missed. Students who are absent from school for reasons not permitted by State law may, or may not, be permitted to make up work. Each case is considered on its merits by the principal and the respective teacher(s). Students are requested to bring a note to school after each absence explaining the reason for the absence or tardiness.

The Board does not believe that students should be excused from school for vacations or other non-emergency trips out of the District. The responsibility for such absences resides with the parent(s), and they must not expect any work missed by their child to be retaught by the teacher. If the school is notified in advance of such a trip, reasonable efforts are made to prepare a general list of assignments for the student to do while he/she is absent.

The Board authorizes the Superintendent to establish a hearing and notification procedure for the purpose of denying a student's driving privileges if that student of compulsory school age has been absent without legitimate excuse for more than 10 consecutive days or a total of at least 15 days during a semester or term.

Acceptable Third Party Documentation

The following items will be accepted as third party documentation. All third party documentation must be provided within 5 school days of the student's absence. In the case of absence of multiple days, notification must be received by the fifth school day after the student returns to school. In the case of prolonged absence, contact should be maintained between the home and school. More than one note from a medical professional may be necessary in this case.

1. Personal illness – documentation from a licensed medical professional
2. Illness in family – documentation from a licensed medical professional
3. Quarantine of home – notification from the Board of Health
4. Death of a relative – obituary or memorial card from the funeral
5. Homework due to absences of parents or guardians – verification of this excuse should be obtained from a building administrator or counselor. This should be used rarely by families and not for regular child care of family members.
6. Observance of a religious holiday – knowledge by administrator of the existence of a holiday on this date
7. College visits (maximum of 2 days, for seniors only) – documentation from college provided after return from visit
8. Court appearances – subpoena or receipt from court
9. Medical and dental appointments that cannot be scheduled outside school hours – verification of attendance at appointment from a medical professional
10. Driver's examination which cannot be scheduled outside school hours – verification of attendance by Bureau of Motor Vehicles employee
11. Educational/psychological testing – documentation of attendance by a licensed medical professional
12. Vacations or extended travel with parents when pre-arranged with building administrator and if such travel would not cause the student to exceed the Excessive Absence Procedures and risk failing classes – notification from a

Building administrator (Note: If a request is made and approved for a student to miss more than 10 days for vacation, an educational option should be set up).

13. Farm work (maximum of 3 days) – verification from a building administrator
14. Other reasons approved by a school administrator – the only district-wide approval in this area is ½ day excused absence for Reds Opening Day. If a student attends this he/she will need to provide a ticket stub as verification.

Attendance Policy for Military-Connected Students

The Northwest Local School District believes that with the many challenges for military families, there is a need for flexibility related to school attendance policies. Therefore, Northwest Local Schools will grant up to five days of excused absences for military connected students whose parents are experiencing a deployment. The conditions under which the Northwest Local Schools may approve excused absences are:

1. The absence is pre approved; {written notice of deployment sent to the school by parent and school fax a copy to Enrollment Office}
2. The student is in good standing; GPA of 2.0 or greater
3. The student has a prior record of good attendance; {not involved in an open truancy case}
4. Missed assignments are completed and turned in within the school's allotted time period; {if student uses 1-5 days of excused absences, student should be allowed the same number of days to make up assignments}
5. The absence is not during standardized testing dates.

Tuition

Any student enrolled in the Northwest Local School District whose parents move out of the district may finish the semester in which the move occurs upon advance payment of tuition. A student who completes the eleventh grade in the Northwest Schools and whose parents or guardian moves out of the district may complete the senior year upon advance payment of tuition.

Student Attendance at School Events

The Board of Education encourages students to attend as many school events held after school as possible, without interfering with their school work and home activities. Any student who wishes to participate in any extra-curricular activities after school hours is expected to attend school that day (see Student Activities and Athlete Handbook). This includes rehearsals, plays, practices, concerts or athletic events. Any student enrolled in a Career Center co-op program or on early job placement, which requires the student to work, must be in school in order to work in the afternoon unless they receive permission from the Building Director of the Career Center Education or the Building Principal.

Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event.

However, in order to ensure that students attending as nonparticipants are properly safe-guarded, the Board recommends that all elementary and middle school students be accompanied by a parent or adult chaperone when they arrive at the event and throughout its duration. The Board will not be responsible for students if they attend without an adult chaperone.

Adequate supervision will be provided for all students who are participants in District-sponsored events. (Board Policy #5855)

Student Employment

The Board of Education believes that attendance at school should occupy a student's full attention and should take precedence over nonschool-related employment. If a student must work while attending school, s/he should receive counseling and assistance in seeking appropriate job opportunities and in correlating work schedules with school studies and activities. The District and schools will ensure that student employment complies with Ohio laws. All students employed in out-of-school jobs are closely monitored by staff regarding school attendance and achievement in order to determine the effects on school performance of the student assuming out-of-school work commitments.

Students as Precinct Election Officials

In conjunction with the County Board of Elections, the Board of Education will permit high school students to apply and, if appointed by the Board of Election, to serve as precinct officers at a primary, special, or general election.

As part of the application process, the student shall declare his/her political party affiliation with the Board of Election. Any student selected shall be excused from school on the day of an election at which the student is serving as a precinct officer. (Board Policy #5725)

Release Time for Religious Instruction

The Board of Education desires to cooperate with those parents who wish to provide for religious instruction for their children but also recognizes its responsibility to enforce the attendance requirements of the State.

Students may be provided "released time" from school to attend a course in religious instruction conducted by a private entity off District property, provided that the following requirements are met, such students will not be considered absent when the:

- A. student's parent or guardian gives consent in writing;
- B. sponsoring entity maintains attendance records and makes them available to the District;
- C. sponsoring entity provides and assumes liability for the student; and
- D. student assumes responsibility for any missed school work.

Transportation of students to and from Released Time instruction is the complete responsibility of the sponsoring entity, the parent, guardian, and/or student. The Board of Education, its members, and employees are immune from liability for any injuries arising from transportation to and from Released Time instruction. Further, no Board funds will be expended for, and no District personnel shall be involved in, the provision of religious instruction.

Students shall not be excused from a core curriculum subject course to attend Released Time instruction.

Staff members shall not promote or discourage participation in release time programs for any religious instructional program.

Nothing herein shall constitute an endorsement of religion or infringe upon an individual's First Amendment rights. (Board Policy #5223)

Religious Expression Days

Students are given up to three religious expression days per school year provided that the parent or guardian provides written notice to the school of the selected days within 14 days of the start of the school year (or within 14 days of a newly enrolled student's first day in the school/district).

Students are permitted to participate in interscholastic athletics or other extracurricular activities on a religious expression day. These three religious expression days do not count towards parental notification requirements under ORC 3321.191 (C) (1) for excessive absences.

NWLSD Health Services Department

Emergency Medical Authorization Forms (EMAs)

By state law, schools are required to keep on record an Emergency Medical Authorization (EMA) for each student. The Emergency Medical Authorization (EMA) is a critical form that is used by the Administrators and Health Office to contact parents. Parents are required to go online and verify/update their information each year. Every family is required to update their information annually through our online Student Information System (Infinite Campus). Links and details are made available each summer to be completed by September of each school year.

If phone numbers or other information changes throughout the year, it is imperative that you notify the school to ensure you can be reached when necessary for the student. Contact the Health Office and speak with the nurse concerning any changes that occur in the student's health over the summer or during the school year. Communication is the key to making sure the student's health needs are met during the school day.

Student Health

All Northwest Local School District school buildings have a health clinic. It is open during the school day to support the students

and staff. The Health Office staff may be a Registered Nurse (RN), a Licensed Practical Nurse (LPN) or a Health Assistant. We believe that a healthy student is better able to participate actively in his/her education.

The Nurse/Health Assistant is responsible for: ensuring proper immunization of all students in accordance with Ohio law, performing hearing, vision and postural (scoliosis) screening as required and recommended by the Ohio Department of Health, providing emergency care of illness and injury during the school day, decreasing communicable diseases by excluding students from school with signs of disease or illness that can be spread, developing individual health plans and emergency action plans in collaboration with parents and health care providers (physicians and/or nurse practitioners) for students with health conditions such as asthma, seizure disorders, diabetes, migraine headaches and allergies. The nurse/health assistant is also responsible for administering medications and treatments, and training appropriate school personnel in the proper administration of medication and treatments, as well as acting as a resource for staff in the area of health and health concerns.

The Nurse/Health Assistant reviews the immunization records provided by the parent to ensure the proper immunization of all students in accordance with Ohio law. If it is determined that the student needs additional immunizations, it is expected that the parent/guardian immediately obtains updated immunization records upon notification from the Health Office. *Any parent/guardian has the right to exercise their objections to immunization by claiming an immunization exemption.* If an exemption is desired, the parent must submit an official NWLSD philosophical, religious or medical exemption form. Please contact the health office in your child's school building if you need information on where you can obtain vaccination for your child, or if you require an immunization exemption form; **this form is required to be kept on file in the Health Office.**

If a student is found to be out of compliance with Ohio law, the student may be excluded after 14 days into the school year per Ohio law, this is not an excused absence and will count towards unexcused absences. The following chart is from the Ohio Department of Health and outlines the immunizations which are currently required by Ohio law. Immunization requirements for school may change annually, current requirements are listed below.

Administration of Medicine

Northwest Local School District Policy for Administration of Medication is consistent with the O.R.C. 3313.613 – The Medication Policy Law.

Students are not to carry any prescription or over the counter medicine with them during the school day. School personnel are not authorized to administer prescribed medication or perform medical procedures unless they are prescribed by a physician and authorized by a parent.

Whenever possible, the administration of medication required by a student during the school day should be given before or after school hours. However, certain students may require the administration of medication during the school day to maintain an optimum health status for learning. In the event that a student requires the administration of any medication; **prescription or over-the-counter**, during the school day the following procedure must be followed:

1. **Administration of Medication Form** physician's order and parental permission must be completed in its entirety and signed by the prescribing physician and parent/guardian for prescription and/or over-the-counter medication.
2. Medication is to be brought to the school building by the parent/guardian in the **original** container.
3. A parent, guardian, or adult designated by the parent is responsible to personally deliver any medication to the school building. **Never send medication with a student.**
4. All medication is kept in a locked storage unit in each school building.
5. It is the responsibility of the parent/guardian to instruct the student to come to the Health Room at the appropriate time for medication administration.
6. It is the responsibility of the parent/guardian to obtain an updated physician's order when the medication changes in any way.
7. It is the responsibility of the parent/guardian to ensure refills of medication are brought to the health office during the school year to avoid any gaps or delays in medication administration.
8. Any unused medication not claimed on the last day of school will be destroyed.
9. A new administration of medication form/order must be submitted each school year.

Administration of a Prescribed Medical Treatment

A student may require a prescribed medical treatment (non-medication) during the school day such as tube feeding, dressing change, or catheterization. The prescribing provider and the parent/guardian must complete the **Administration of Prescribed Medical Treatment Form** before school personnel may initiate the medical treatment. This form may be obtained in the Health Office.

Inhalers for Asthma

Students have the right to possess and use a metered-dose inhaler or a dry-powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms. The right applies at school or at any activity, event or program sponsored by or in which the student's school is a participant. In order for a student to possess the inhaler, he/she must have written approval from the student's physician and, if a minor, from his/her parent or other documented caretaker. **Written approval must be on file with the health office.** If self-carry status is not desired or endorsed by a licensed medical provider, personal inhalers may be kept in the school health office. NWLSD does not stock inhalers for generalized use.

Epinephrine Auto injectors

Students are permitted to carry and use an epinephrine auto injector (epi-pen) to treat anaphylaxis (severe allergic reactions). The right to carry and use an epi-pen extends to any activity, event or program sponsored by the student's school or activity, event or program in which the school participates. Student possession of an epi-pen is permitted only if the student has written approval from the prescriber of the medication and, if a minor, from his/her parent or other documented caretaker. **Written approval must be on file with the health office.**

Policy for Administration of School Health Screenings

The Ohio Department of Health requires that vision and hearing screenings are performed on students at specific grade levels. A referral letter is sent to the parent for additional care if they do not pass the screening.

Vision is screened at the following grade levels: pre-k, kindergarten, first, third, fifth, seventh and ninth and eleventh.

Hearing is screened at the following grade levels: pre-k, kindergarten, first, third, fifth and ninth and eleventh.

Students new to the District, requested by teachers or parents and students as a part of the Special Education evaluation for services process may also be screened by the health office staff.

Postural screening may be performed in accordance with the recommendations by the AAOS (American Academy of Orthopedic Surgeons) and SRS (Scoliosis Research Society). This screening helps identify students with curvature of the spine known as scoliosis as well as other spinal problems. Postural screening may occur only in grade seven for both boys and girls. Students are referred for additional care if a concern is noted. In the event that a parent does not want the student participating in one or all of the screenings, the parent must contact the Health Office or Building Principal.

Guidelines for Keeping Students Home from School

The following guidelines are used to determine whether a student should be in school or kept home. Please keep in mind that our exclusion from school guidelines may change as advised by Local, State and/or Federal guidance as a response to Public Health concerns.

STUDENTS SHOULD BE KEPT HOME FROM SCHOOL IF:

Temperature of 100.0 F+ degrees. Your child should remain home until they have been fever free for a full 24 hours without the use of a fever reducing medication (Tylenol, Advil or Motrin). If your child is sent home from school with a fever they should not return to school on the following day.

Vomiting or diarrhea in the last 24 hours. If your child is sent home from school with vomiting and /or diarrhea or if your child has an episode of vomiting and/or diarrhea during the night, they should not be sent to school the following day.

Cold symptoms (uncontrolled) including an excessively runny nose, persistent cough, sore throat and headache. Over the counter medications will not be given by school staff. If the symptoms are severe and/or disruptive to the school environment they should be kept at home until the symptoms have resolved.

Skin rash. Skin rashes are often difficult to evaluate. Skin rashes of unknown origin should be evaluated by your physician to determine what the rash is prior to sending your child to school. A student with a skin rash of unknown origin may be sent home from school until the rash is identified as non-contagious.

Open and draining area on skin. All open wounds should be covered when your child is in school. A wound that is red, warm to touch, or looks like a boil should be evaluated by your physician.

Pink Eye. Reddened eye(s) with discharge that causes crusting on the eyelashes and difficulty opening the eye(s) upon awakening. This may indicate Pink Eye or conjunctivitis. This can be contagious and requires a visit to your physician. Your child should remain home for 24 hours after beginning medical treatment.

Head Lice. NWLSD follows a nit-free policy, see supplement below for detailed information regarding head lice/nits. Your child may not be in school until they are completely nit free. All students home from school with head lice are to report to the Health Office with a parent/guardian upon their return to school prior to going to the classroom to be cleared for re-entry. Head lice should be treated and the student nit free and return to school. Up to

3 school days will be excused for treatment. Check with the Health Office at your child's school for more information.

Head lice protocol supplement.

NWLSD is a nit-free (egg free) District.

A child will be sent home for nits and or live lice and is not permitted to return until they are completely nit (egg) free.

If any child has nits or lice discovered at home, it is the parents responsibility to report this to the health office at the school immediately so that the class may be checked and the appropriate parties be notified, to reduce the spread of headlice.

Treating Head lice/nits is the parent/guardian's responsibility. Students should be treated to kill live lice and the hair should be picked diligently to remove all presence of nits. NWLSD Staff will not treat or remove lice/nits at school.

All students home from school with head lice are to be escorted by a parent/guardian to the health room to be cleared for return to class. Students who have not been screened by the nurse/heath assistant are **not** permitted to be sent to school on the bus, or dropped off without parental accompaniment to the heath room to be re-checked.

Absence from school for lice is excused for a maximum of three days. It is the parent's responsibility to communicate with the nurse/health assistant for needs extending beyond this three day period. The child will need to return to the health office every two days beyond the 3 day window, **with the caregiver** to ensure progress is being made towards returning to school. The nurse/health assistant may be able to offer assistance with referrals, and instruction on how to remedy the situation when support is needed.

Pain and/or generally not feeling well. If your child has pain and is not their typical self in the morning, ask yourself whether the child will be able to pay attention and participate in class. If the answer is no, keep your child home; they may be coming down with an illness. We realize that you know your child best and we want them in school healthy, and ready to learn.

While these guidelines are not all inclusive, the Nurse/Health Assistant may send a student home if it appears that the student may have an illness. The parent may be asked for documentation from the physician prior to the student returning to school. The Ohio Department of Health Communicable Disease chart serves as the guidelines for determining the recommendations for the student.

In the event of a true emergency, 911 will be called first and then every attempt will be made to contact the parent or designated persons on the Emergency Medical Authorization.

If at any time the parent has questions or concerns about the health and well-being of the student, please contact the Health Office and speak with the Nurse or Health Assistant.

Covid-19 Supplemental Information:

This information is subject to change based on current, local health recommendations. Contact your students health office for the most up to date information regarding Covid-19.

Has your child been tested for COVID-19 and the result is positive?

When results are *positive*, please notify the school and keep your child(ren) isolated at home until he/she is cleared by a physician or health department for return. Siblings of students who test positive for COVID-19 should be closely monitored for symptom development, but do not have to quarantine at home. Siblings of students who test positive for COVID-19, who do not develop symptoms of illness and do not test positive are allowed to continue to report to school.

Control of Casual-Contact Communicable Diseases

To keep everyone healthy, our school follows state rules to prevent the spread of contagious illnesses like strep throat, measles, mumps, and others that can be passed through everyday contact.

If a student shows signs of one of these illnesses at school, they will be separated from others and a parent or guardian will be contacted. The school will follow guidelines from the Health Department to manage the situation safely. (Policy 8450)

Direct Contact Communicable Diseases

Our school is committed to keeping students and staff safe by helping everyone understand how certain diseases—like HIV and Hepatitis—can be spread through contact with blood or other body fluids (such as vomit or urine), not through casual contact like talking, touching, or being near someone.

To support this, the school provides educational programs to help students and staff learn how these diseases are transmitted and how to prevent them. These programs explain the risks, how to manage them, and emphasize that these diseases are preventable when basic safety precautions are followed.

If the school becomes aware that a student or staff member has had known contact with a blood-borne communicable disease, parents/guardians will be notified in a timely manner, following health and privacy guidelines.

The school also respects the privacy of anyone who may be affected by a blood-borne disease and keeps their information confidential. (Policy 8453)

Blood-Borne Pathogen Safety

Our school is committed to keeping students safe by taking steps to prevent exposure to blood-borne pathogens—germs that can spread through contact with blood or other body fluids.

Even though the risk is low, students should treat all body fluids as potentially infectious and follow safety rules (called "universal precautions") to reduce the chance of accidental infection during school activities.

The school has procedures in place to:

- Identify situations where students might come into contact with blood or other fluids,
- Ensure staff are trained to follow safety precautions,
- Respond quickly and properly to any incidents where exposure happens, and
- Keep records of any such incidents and how they were handled.

NWLSD Special Education Department

Students with Disabilities

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

The laws define a person with a disability as anyone who:

- A. has a mental or physical impairment that substantially limits one (1) or more major life activities;
- B. has a record of such an impairment; or
- C. is regarded as having such an impairment.

The District has specific responsibilities under these two (2) laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Additionally, in accordance with State and Federal mandates, the District seeks out, assesses, and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess, and, if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEIA), A.D.A. Section 504) and State law. Contact Director of Special Education at (513) 923-1000 to inquire about evaluation procedures, programs, and services.

The District is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

Response to Intervention/Positive Behavioral Intervention and Supports

The Board of Education recognizes that the needs of individual pupils in the Northwest School District vary widely and that the highest educational standards should challenge each child, based upon the individual's ability. The Northwest Local School District utilizes Response to Intervention and Positive Behavioral Interventions and Supports as part of the Multi-Tiered Systems of Support (MTSS) in addressing individual needs. Academic and behavioral interventions are provided by teachers and staff as determined by data collection and/or parent and teacher concerns. Data-based decision making is the most effective means to determine the effectiveness of an intervention.

An MTSS Team is composed of evaluators, parents, members of the staff who review the data and determine program eligibility.

The federal special education law, the Individuals with Disabilities Education Improvement Act 2004 (IDEA), specifies each State's obligation to develop agreements with non-educational public agencies to ensure that all services necessary to provide a free appropriate public education (FAPE) are provided to children with disabilities at no cost to the parent. If you have concerns regarding your child's academic performance, or behavioral needs, please contact your child's principal, or the Office of Special Education (513) 923-1000.

Seclusion and Restraint Annual Notice

Safety of each student is always a priority, and in some instances it may become necessary to seclude or restrain a student to assure safety to him/herself or others. The Board of Education has adopted policy 5630.01 regarding the limited use of Restraint and Seclusion within district school buildings. Each building and program have staff trained in de-escalation strategies and implementation of safe holds to support the needs of students in a crisis situation. Restraint and seclusion are only used in rare situations when a student is a risk to themselves or others, and need support to keep everyone safe. If your child is subject to a restraint or seclusion, parents are notified within 24 hours, and if a child is restrained or secluded for three or more times in a school year, a team will convene including the parent to review the needs of the student and determine if a functional behavior assessment is needed. If you are concerned regarding the use or implementation of restraint or seclusion for your child, you may file a complaint with the Office of the Superintendent in writing. The Superintendent or designee will investigate the complaint and schedule a meeting with the parent or guardian who files the complaint to discuss the resolution.

Medicaid Annual Notice

School districts are permitted to seek payment from public insurance programs (Medicaid) for some services provided at school. Under the Family Education Rights and Privacy Act (FERPA), *parent* consent is required for the school system to release information about their child to the Ohio Department of Medicaid in order to access *the parent or child's* public benefit. *Parents* are entitled to a copy of any information the school system releases to the state Medicaid program.

The Northwest Local School District has the opportunity to receive Federal Medicaid dollars through a program called the Ohio Medicaid School Program (MSP). Through this program, school districts can receive Medicaid dollars for services such as Speech, Audiology, Physical Therapy, Occupational Therapy, Nursing, Psychology, Counseling, and Social Work services. The district can receive funding when a student receives one or more of these services and the student has current Medicaid insurance coverage. In the process of billing Medicaid for these services, certain billing information must be shared with the Ohio Department of Medicaid. Before the district can submit claim data for Medicaid billing purposes, we must obtain a signed Parental Consent to Share Information and Access Medicaid.

This annual notice is to inform you of all of your legal protections and rights under the Individuals with Disabilities Education Act (IDEA) and the Family Educational Rights and Privacy Act (FERPA). Your consent is voluntary. You have the right under 34 CFR Part 99 and Part 300 to withdraw your consent at any time. You are not required to enroll in Medicaid. Billing Medicaid will not require you to incur any out-of-pocket expenses such as a deductible or co-pay, decrease lifetime coverage, increase premiums or lead to the discontinuation of benefits, or result in you paying for services that would otherwise be covered by Medicaid. No matter whether you grant consent, refuse consent, or revoke your consent, your child will still be provided with an evaluation and/or the services listed in their IEP at no cost to you. For a more detailed explanation of Medicaid Parental Consent, please see the following Code of Federal Regulations (CFR) 34 CFR 300.154, 34 CFR 300.503, 34 CFR 300.622, 34 CFR 99.30.

For specific questions regarding the Medicaid School Program Parental Consent, please contact Healthcare Billing Services, Inc. at (740) 639-4218 or at info@teamhbs.com

Injuries

A record of all accidents shall be made by the appropriate school official and kept in the principal's office.

Inexpensive coverage is offered to students in September. Information and payment envelopes are available in the main office.

Student Network and Internet AUP and Agreement

The Northwest Local School District is pleased to make available access to interconnected systems within the district and to the Internet for the purpose of productivity, research, curriculum delivery, professional development activities and electronic storage in the pursuit of learning. The District Board of Education has policies, which govern the access and use of computer and network systems. This Acceptable Use Policy is a guideline for use and a contractual agreement between the student and the Board of Education. All students must take responsibility for appropriate and lawful use of their access. Misuse under the guidelines of this document may result in disciplinary action under Board Policy and/or the governing code of conduct.

Upon review of this policy and signing the handbook release page, each student will be given the opportunity to enjoy access to computer and network systems at school and is agreeing to follow this Policy.

If you have any questions about the guidelines below, please contact your building principal.

I. Personal Responsibility

You agree not only to follow the rules in this Policy and Agreement, but also agree to report any misuse of the network to a teacher or building principal. Misuse means any violation of this policy, Board of Education Policy, or any other use that is not included in the policy, but has the effect of harming another person or his or her property.

II. Terms of Permitted Use

Technology can greatly enhance the instructional program, as well as the efficiency of the District. The Board recognizes that careful planning is essential to ensure the successful, equitable and cost-effective implementation of technology-based materials, equipment, systems and networks.

Computers and use of the District network or online services support learning and enhance instruction, as well as assist in administration. Computer networks allow people to interact with many computers; the Internet allows people to interact with hundreds of thousands of networks.

All computers are to be used in a responsible, efficient, ethical and legal manner. Failure to adhere to this policy and the guidelines below will result in the revocation of the user's access privilege. Unacceptable uses of the computer/network include but are not limited to:

1. violating the conditions of State and Federal law dealing with students' and employees' rights to privacy, including unauthorized disclosure, use and dissemination of personal information;
2. using profanity, obscenity or other language which may be offensive to another user or intended to harass, intimidate or bully other users;

3. accessing personal social networking websites for non-educational purposes;
4. reposting (forwarding) personal communication without the author's prior consent;
5. copying commercial software and/or other material in violation of copyright law;
6. using the network for financial gain, for commercial activity or for any illegal activity;
7. "hacking" or gaining unauthorized access to other computers or computer systems, or attempting to gain such unauthorized access;
8. accessing and/or viewing inappropriate material and
9. downloading of freeware or shareware programs.

The Superintendent/designee shall develop a plan to address the short- and long-term technology needs and provide for compatibility of resources among school sites, offices and other operations. As a basis for this plan, he/she shall examine and compare the costs and benefits of various resources and shall identify the blend of technologies and level of service necessary to support the instructional program.

Because access to online services provides connections to other computer systems located all over the world, users (and parents of users who are under 18 years old) must understand that neither the school nor the District can control the content of the information available on these systems. Some of the information available is controversial and sometimes offensive. The Board does not condone the use of such materials. Employees, students and parents of students must be aware that the privileges to access online services are withdrawn from users who do not respect the rights of others or who do not follow the rules and regulations established. A user's agreement is signed to indicate the user's acknowledgment of the risks and regulations for computer/online services use. The District has implemented technology-blocking measures to prevent students from accessing inappropriate material or materials considered to be harmful to minors on school computers that protect against access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, harmful to minors.

"Harmful to minors" is defined as any picture, image, graphic image file or other visual depiction that:

1. taken as a whole and with respect to minors appeals to a prurient interest in nudity, sex or excretion;
2. depicts, describes or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts and/or a lewd exhibition of genitals and/or
3. taken as a whole, lacks serious literary, artistic, political or scientific value as to minors.

The District will educate minors about appropriate online behavior, including interacting with other individuals in grades K-12 on social networking websites and in chat rooms and cyber-bullying awareness and response. The Superintendent/designee will develop a program to educate students on these issues.

Personal devices may be used on the school network under limited circumstances and with prior approval of a building administrator and the district Technology Supervisor. Devices must be registered with the technology department. Additional software or apps may be required to register the device for access to the network. Compliance with district policies is required, and all network traffic may be monitored. Use of cellular networks or nonschool Wi-Fi to bypass filtering is prohibited. Use of personal hotspots or non-district access points is prohibited. Additional restrictions may be set by the building principals and classroom teachers.

Annually, a student who wishes to have computer network and Internet access during the school year must read the acceptable use and Internet safety policy and submit a properly signed agreement form. Students and staff are asked to sign a new agreement each year after reviewing the policies and regulations of the District.

III. Privacy

The Northwest Local School District reserves the right to monitor, inspect, copy, review, and store at any time and without prior notice, any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and

remain the property of the Northwest Local School District and no user shall have any expectation of privacy regarding such materials.

IV. Warranties/Indemnification

The Northwest Local School District makes no warranties of any kind, either express or implied, in the connection with its provision of access to and use of its computer networks and the Internet provided under this Policy and Agreement. It shall not be responsible for any claims, losses, damages or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any user or his or her parent(s) or guardian(s) arising out of the user's use of its computer networks or the Internet under this Policy and Agreement. Users take full responsibility of his or her usage and agree to indemnify and hold harmless the Northwest Local School District and its Board members, administrators, teachers, and staff from any and all loss, costs, claims, or damages resulting from the user's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user. The user or, if the user is a minor, the user's parent(s) or guardian(s) agrees to cooperate with the Northwest Local School District in the event of the initiation of an investigation into a user's use or his or her access to its computer network and Internet, whether that use is on a District computer or on another's outside the Northwest Local School District's Network.

Visitors in School

The Board of Education welcomes and encourages visits to school by parents, other adult community members and interested educators. All exterior doors are locked during the school day. Visitors must use the buzzer at the main entrance. All visitors must report to the office or welcome center immediately upon entering a school building, check in and receive a visitor's badge. NWLSD has incorporated the use of Raptor as a visitor check in and check out system. To maintain the safety of students and staff and to ensure that no unauthorized persons enter buildings, all visitors must comply with the District's procedures regulating visitors. The administrative procedures will be posted conspicuously at or near the entrance to school premises. In addition, those procedures shall be posted in a central location in each school and are made available to all students, staff and community members upon request. All participants and spectators of school programs, assemblies, graduations and athletic events are expected to abide by all applicable law, local ordinances, Board policies and District and building procedures pertaining to public conduct on District property. School principals and their designees are authorized to take appropriate action to prevent and remove, if necessary, unauthorized persons from entering District buildings and loitering on the grounds.

Building administrators have the authority to prohibit the entry of any person to a school of this district, or to expel any person, when there is reason to believe that the presence of such person would disrupt the good order of the school or pose a threat to the safety of students or staff. If such an individual refuses to leave the school grounds or creates a disturbance, building administrators are authorized to request whatever assistance is needed, including local law enforcement agencies, to remove the individual.

Visitors must follow these procedures while in any district schools or on district property.

1. Visitors must report to the school office or other designated area immediately upon entering a district school. The area where visitors report will be listed on the notice displayed near all school and office entrances.
2. Visitors must sign in and wear any tags or badges that are required by school visitors' procedures.
3. School tours, which do not include class visits, must be scheduled a minimum of 24 hours in advance through the principal or a designee.
 - a. If the tour cannot be scheduled on the requested date, an alternate date(s) will be offered.
 - b. A school staff member must accompany all visitors on school tours.
4. Class visits by parents or guardians of current students may be scheduled one time each semester under the following procedures:
 - a. Requests must be made to the principal, or a designee, one week, or five school days in advance.
 - b. The principal, or a designee, must approve all requests.
 - c. The teacher(s) must approve the requested date, or offer alternative date(s).

Exceptions:

1. Regular or frequent class visits by parents or guardians as part of a Behavior Improvement Plan (BIP) or similar program.
2. Class celebrations or special events.

5. The principal, or a designee, has the sole responsibility of determining when visitors must be removed from a school for disruptive, dangerous or potentially dangerous behavior.
6. Visitors who must be removed from school may be expelled from district schools, offices and facilities for up to one year on the authority of the principal. Expulsions of a longer duration must be approved by the superintendent or a designee.

Smoking

Schools within the Northwest Local School District are smoke and e-cigarette free environments. This smoke and e-cigarette free policy extends to extra-curricular events, as well as during daily arrival and dismissal routines. Please refrain from smoking or using e-cigarette at any time while on school property, whether indoors or outdoors.

Concealed Carry Law

Unless otherwise authorized by law, pursuant to Ohio Revised Code 2923.122, no person shall knowingly possess, have under the person's control, convey, or attempt to convey a deadly weapon or dangerous ordinance into a school safety zone.

NWLSD Food Services Department

NWLSD is a participant in the National School Breakfast Program and National School Lunch Program

National School Breakfast Program (SBP)

Research has shown that starting the day with a nutritious breakfast helps students stay alert and perform better in school. Northwest Local School District offers breakfast to all enrolled students. Please come visit us & benefit from eating a deliciously nutritious breakfast!

National School Lunch Program (NSLP)

Goals of Child Nutrition Programs:

- Safeguard the health and well-being of the nation's children;
- Encourage domestic consumption of nutritious agricultural foods; and
- Give children an understanding of the relationship between proper eating habits and good health.

Community Eligibility Provision (CEP)

All enrolled students in **Elementary** and **Middle** School are eligible to receive a healthy breakfast and lunch at no charge through the District's participation in the CEP program.

Household Information Surveys will be used to determine eligibility for school instructional fee waivers and other district programs for students in CEP buildings. Surveys are available online at <https://northwestoh.infinitecampus.org/campus/portal/parents/northwest.jsp> or in the school office for anyone wishing to apply. A copy can also be found online at <http://nwlsd.org>. Completed surveys can be returned to the school, faxed to 513-385-3769, or emailed to foodservice@nwlsd.org.

Free and Reduced School Lunch/Breakfast for High School Students

Free and Reduced Priced Meals

The Board of Education has established procedures for providing free and reduced-price breakfast and lunch to disadvantaged children in the Northwest Local School District in conformance with Public Law 91-248 known as the School Food Services Bill enacted May 14, 1970. The school food authority assures the State Department of Education that the school system will uniformly determine children's eligibility for free and reduced-priced meals in all National School Lunch Program schools under its jurisdiction.

Free/Reduced applications can also be used to determine eligibility for school instructional fee waivers and other district programs. Applications are available online at <https://northwestoh.infinitecampus.org/campus/portal/parents/northwest.jsp> or in the school office for anyone wishing to apply. A copy can also be found online at <http://nwlsd.org>. Completed applications can be returned to the school, faxed to 513-385-3769, or emailed to foodservice@nwlsd.org.

Northwest Local School District Meal Charge Guidelines

Northwest Local School District's Food Service Department is a self-sustaining operation that receives no money from the district's general fund. All operating expenses and food costs are covered by Federal and State reimbursements. Federal Law states that the Food Service Department's revenue must meet or exceed expenditures. Therefore, unpaid charges directly affect the ability of the Department to support itself.

The Board recognizes on occasion, students may not have meal money either in hand or on their prepaid accounts. The intent of this policy is to ensure compliance with State and Federal reporting requirements and to provide oversight and accountability for the collection of outstanding student meal balances.

1. **High School** - Families of students are encouraged to apply for free and reduced price meal benefits. If you wish to see if your students qualify for free/reduced meals based upon the income of all family members, you may complete a meal application in two ways:
 - a. Meal applications can be printed from the Food Services webpage on the NWLSD website ([www.nwlsd.org](http://nwlsd.org)), picked up at the student's home school or picked up at the Food Service Office. These meal applications need to be completed in their entirety and returned to the student's home school or the Food Service Office.
 - b. Meal applications can be completed online by going to <https://northwestoh.infinitecampus.org/campus/portal/parents/northwest.jsp>
2. Families are encouraged to prepay for meals through the parent portal in Infinite Campus. Cash is only accepted at the high school level for payments on the day of service. Written notification of prepayment options occurs at the beginning of each school year, is given to each new transfer student, is posted on the Food Service website, and is included in the student handbook.
3. The district understands that funds on a student's cafeteria account may become depleted at times for various reasons. We believe in the importance of our students' nutrition and will therefore allow students to "charge" for a meal under certain circumstances. Charging for a meal will result in a negative balance on a student's account. It is imperative that our cafeteria collects the balance owed. Students will be discreetly notified upon charging their account.
4. Families will be notified of the school Unpaid Meal Charge Guideline in writing before the school year begins. This guideline will also be posted on the Food Service Website.
5. The district will provide school meal account refunds over \$5.00 for those students who do not owe school fees. If school fees are owed, the funds will be transferred to pay towards the outstanding fees.
 - a. Please contact the Food Service Department at foodservice@nwlsd.org or 513-522-6700 to request a school meal account refund.
 - Note: refunds may take up to 3 weeks to process.
 - b. If a positive balance remains on the account of a graduating senior or a student leaving the district, that balance will be transferred to a sibling. If there are no siblings, the funds can be donated to unpaid meal debt or refunded upon request.
 - If there is no response from the parent/guardian after three months, these funds become property of Northwest Local School District Food Service Department.
 - ***Please note, if a request is not received by the end of the school year, senior account

balances will be transferred to the donation account to help families with unpaid meal debt.***

6. **Elementary & Middle School** - Families may add money to a student's account for the purchase of snacks by paying online with your credit card or PayPal account, by visiting <https://northwestoh.infinitecampus.org/campus/portal/parents/northwest.jsp>
Cash or checks are not accepted payment methods at the elementary and middle school level.

The purpose of this guideline is to establish consistent meal account procedures throughout the district as unpaid charges place a financial strain on the food service department. We greatly enjoy serving your child and hope you continue to give us the opportunity to do so! Thank you for your time and cooperation.

This institution is an equal opportunity provider.

The Ohio Summer Food Service Program

Just as learning does not end when school lets out, neither does a child's need for good nutrition end. The Summer Food Service Program (SFSP) provides free, nutritious meals and snacks to help children in low-income areas get the nutrition they need to learn, play and grow throughout the summer months when they are out of school. Children ages 1 through 18 may receive free meals and snacks through SFSP. Meals and snacks also are available to individuals with disabilities through age 21 who participate in a recognized school program for individuals with developmental or physical disabilities.

Ohio Summer Food Service Map is updated weekly during the summer months:

NWLSD Public Relations Department

Distribution of Materials in School

Northwest Local School District has partnered with Peachjar to provide digital distribution of important school and community information directly to parents. Adoption of this new platform is in line with our efforts to help close the achievement gap and provide our students with access to beneficial programs and resources. We believe that increased participation in school and afterschool programs can help improve student outcomes at our district. Based on NWLSD contract with PeachJar all flyers must be uploaded and distributed through the Digital platform. *Concessions can be made on a case-by-case basis for PTA/Booster and student organizations that utilize PeachJar but need to distribute information in common areas of school buildings. Concessions must be approved by the District Public Relations Office. (See asterisk below.)

For purposes of this policy, “non-school-related materials” pertain to activities, events and subject matter that are not officially sponsored or endorsed by the District, and promote educational programs and activities appropriate for the children in District schools. All flyers must adhere to all guidelines and must contain the Northwest Local School District Disclaimer. All flyers must be approved by the District Public Relations Office prior to being distributed at schools. The Flyer Distribution Form can be found online. Political materials and material promoting “for profit” ventures will not be distributed.

The Superintendent/designee has sole discretion to restrict or prohibit the distribution of non-school-related materials that are pervasively vulgar, lewd, obscene, sexually explicit, libelous, or harmful to students; that promote activities that are illegal or inappropriate for the students of the school; or that disrupts or interferes with school activities.

Classrooms shall be considered closed forums and the distribution and posting of materials shall be limited to school-sponsored activities and those items compatible with the curriculum. Students may be prevented from distributing materials during class time or when the distribution of such materials interferes with classroom instruction, pedagogy and curriculum.

*Approved non-school related materials may be posted in the common areas of a school building that are specifically designated by the building principal or designee for such purpose. The building principal or designee may restrict or prohibit the distribution of non-school related materials if the time and or manner of distribution disrupts or interferes with school activities.

*Approved non-school related materials may be distributed by employees of the school district only as part of "Friday folders" or other packets that regularly contain materials providing information on both school sponsored and non-school related activities and events. In schools where there is no regular weekly packet sent home to parents, the principal or designee will determine the appropriate time, place and manner to distribute approved materials.

ALL Approved non-school related materials must prominently display the following disclaimer: *"These materials are for informational purposes only. The Northwest Local School District does not endorse the persons or organizations providing these materials or the messages contained therein. Unless explicitly stated, the activities promoted are not affiliated with or sponsored by the Northwest Local School District."*
