8500 - FOOD SERVICES

The Board of Education shall provide cafeteria facilities in all school facilities where space and facilities permit and will provide food service for the purchase and consumption of meals for all students. The Board shall also provide a breakfast program in accordance with procedures established by the Department of Education and Workforce ("DEW"). The Board shall annually encumber the funds needed to operate the program.

The food service program shall comply with Federal and State regulations pertaining to the selection, preparation, delivery, consumption, and disposal of food and beverages, including, but not limited to, the current United States Department of Agriculture's ("USDA") school meal pattern requirements and the USDA Smart Snacks in School nutrition standards, as well as to the fiscal management of the program.

Further, the food service program shall comply with Federal and State regulations pertaining to the fiscal management of the program as well as all the requirements pertaining to food service hiring and food service manager/operator licensure and certification. In addition, as required by law, a food safety program based on the principles of the Hazard Analysis and Critical Control Point ("HACCP") system shall be implemented with the intent of preventing food-borne illnesses. For added safety and security, access to the facility and the food stored and prepared therein shall be limited to food service staff and other authorized persons.

~~The Board does not discriminate on the basis of race, color, national origin, sex (including sexual orientation or gender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, "Protected Classes") in its educational programs or activities. Students and all other members of the School District community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct. See Policy 2260—Nondiscrimination and Access to Equal Educational Opportunity.~~

The Board shall approve and implement nutrition standards governing the types of food and beverages that may be sold on the premises of its schools and shall specify the time and place each type of food or beverage may be sold. In adopting such standards, the Board shall:

- A. consider the nutritional value of each food or beverage;
- B. consult with a dietitian licensed under R.C. Chapter 4759, a dietetic technician registered by the Commission on Dietetic Registration, or a school nutrition specialist certified or credentialed by the School Nutrition Association;
- C. consult and incorporate to the maximum extent possible the dietary guidelines for Americans jointly developed by the ~~USDA United States Department of Agriculture (USDA)~~ and the United States Department of Health and Human Services; and
- D. consult and incorporate the USDA Smart Snacks in School nutrition guidelines.

The District's food service program shall serve only food items and beverages determined by the Food Service Department to be in compliance with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition guidelines. Any competitive food items and beverages that are available for sale to students a la carte in the dining area between midnight and thirty (30) minutes following the end of the school day shall also comply with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition guidelines, and may only be sold in

accordance with Board Policy 8550 - Competitive Food Sales. Foods and beverages not associated with the food service program may be vended in accordance with the rules and regulations set forth in Board Policy 8540 - Vending Machines.

[END OF OPTION]

The Superintendent will require that the food service program serve foods in the schools of the District that are wholesome and nutritious and reinforce the concepts taught in the classroom.

The Superintendent is responsible for implementing the food service program in accordance with the adopted nutrition standards and shall provide a report to the Board at one of its regular meetings, annually, regarding the District's compliance with the standards. The Superintendent shall ensure that the District's vendors and/or food service management contractor is provided a copy of this policy and any implementing guidelines and that any pertinent agreements are consistent with this policy and any implementing guidelines.

No food or beverage may be sold on any school premises except in accordance with the standards approved by the Board.

~~In addition, as required by law, a food safety program that is based on the principles of the Hazard Analysis and Critical Control Point (HACCP) system shall be implemented with the intent of preventing food-borne illnesses. For added safety and security, access to the facility and the food stored and prepared therein shall be limited to food service program staff and other authorized persons.~~

Students who participate in a released time course in religious instruction pursuant to Board Policy 5223 during lunch may be provided a school meal for consumption during the released time instruction. The meal will meet all USDA meal pattern and nutrition standards requirements. Meals served off-site will be subject to stringent sanitary and precautionary measures to avoid contamination and spoilage.

The Board shall provide a Federal food service program for students during summer intervention programs that are mandated under State and Federal law. If the Board determines that it is unable to provide a Federal food service program during the summer, for financial reasons, the Board will communicate that decision to its residents in a manner it determines to be appropriate.

During all times while the food service program is operating and students are being served food, at least one (1) employee shall be present in the area in which the food is being consumed who has received instruction in methods to prevent choking and demonstrated an ability to perform the Heimlich maneuver.

Dietary Modifications

Modifications Based on Compliant Medical Documentation

An adult student or student's parent requesting special dietary accommodations for a student with a disability that restricts the diet must provide the Medical Statement for Special Dietary Needs signed by a State authorized medical authority, which is a medical professional authorized in the State of Ohio to write prescriptions. The request must contain the following information:

- A. an explanation of how the student's physical or mental impairment restricts the diet;
- B. the food(s)/type(s) of foods to be avoided;
- C. the food(s)/type(s) of foods to be substituted;
- D. additional pertinent information, if any, that will assist in accommodating the student's needs.

If a Medical Statement for Special Dietary Needs is incomplete, unclear, or lacks sufficient detail, the Special Dietary Accommodation Coordinator or Food Service Director shall request that the student or parent/guardian request that the medical authority supplement the response so that a safe meal can be provided.

A special dietary accommodation for a student who has a disability that restricts the student's diet must be supported by a Medical Statement for Special Dietary Needs, which should be submitted to the Food Service Director who shall serve as the Special Dietary Accommodation Coordinator.

A student with a disability may have an IEP or 504 plan that requires specific instruction, services, or accommodation related to the student's nutritional needs. If a student's IEP or 504 plan contains the same information that is required on a Medical Statement for Special Dietary Needs, then it is not necessary to obtain and submit a separate Medical Statement for Special Dietary Needs.

The individual making an initial request for such substitutions must inform the Food Service Director or Special Dietary Accommodation Coordinator that the student has a disability that restricts the student's diet. The School District will honor the request upon receipt of the required documentation from a State-authorized medical authority. If the Special Dietary Accommodation Coordinator is unable to grant a requested accommodation following receipt of the medical authority's statement, the student or parent shall be provided with an explanation of the basis for the decision. Compliant requests shall be immediately implemented.

Disability Accommodation Grievance Procedure

The following procedure is intended to provide prompt and equitable resolution to any concern or disagreement regarding the food service program's administration of meal modifications made or requested on the basis of a student's disability. None of the procedures described in this policy section shall prevent a student or parent from pursuing a complaint with any State or Federal agency, including the USDA, using the procedures described at the end of this policy.

- A. If an initial request for accommodation in the form of substituted meals is denied, the student or parent may request review of that decision by the Director of Business Operations and shall provide any communications between the student or parent and food service officials concerning the accommodation request, any documentation provided by a medical authority, and any additional information the student or parent believes is pertinent to the decision. A review of the materials provided and of the initial decision shall be completed and a response provided to the student or parent as soon as practicable following receipt of the request for review. If the initial decision is reversed, including due to additional information provided on review, the dietary accommodations shall be implemented without delay. If the initial decision is affirmed, the decision is final.
- B. Any other complaint or disagreement with the food service administration concerning implementation of special dietary accommodations based on a student's disability shall be presented to the Special Dietary Accommodation Coordinator. The student or parent shall specify the nature of the concern and any requested remedy in writing. The Coordinator shall promptly review the grievance and either contact the student or parent for any required clarification of the request or to seek to reach an agreement regarding how to best address the concern. If no agreement is reached, the Coordinator shall make a determination and notify the student or parent in writing as soon as practicable. If the grievance is affirmed in any respect, the Coordinator shall propose a plan for implementing appropriate remedial measures. If the student or parent is dissatisfied with the Coordinator's determination, the student or parent may submit a written request to the Building Principal or Superintendent for review. The administrator's determination shall be final.

Modifications Based on Noncompliant Medical Requests

On a case-by-case basis, substitutions to the standard meal requirements may be made, at no additional charge, for students who provide a signed statement from a qualified medical authority that the student cannot consume certain food items due to medical or other special dietary needs, but which does not comply with the requirements above. To qualify for such consideration and substitutions the medical statement must identify:

- A. the medical or dietary need that restricts the student's diet; and
- B. the food(s) to be omitted from the student's diet and the food(s) or choice of foods that may be substituted.

Modification Based on Student/Parental Preference

When a request for a special dietary accommodation is not supported by an authorized Medical Statement for Special Dietary Needs or included in a student's IEP or 504 plan, the School District cannot provide modified meals that are not in compliance with USDA Child Nutrition Program requirements. However, the Board authorizes the following:

A. Fluid Milk Substitution

1. The School District shall have no legal obligation to accommodate a student's or a parent's preference for a fluid milk substitute if there is no Medical Statement for Special Dietary Needs on file requiring such a substitute. However, the District will assist the student in choosing a reimbursable meal through offer versus serve ("OVS").

B. Religious Reason

1. The School District shall have no legal obligation to accommodate a student's or parent's request for accommodations based on religious requests. However, the District will assist the student in choosing a reimbursable meal through OVS.

C. General Dietary Preference

1. The School District shall have no legal obligation to accommodate a student's or parent's general health, nutrition, or food preferences. However, the District will assist the student in choosing a reimbursable meal through OVS

IMPLEMENTATION AND DISCONTINUATION

Review

Upon receipt of a request for a special dietary accommodation, the Food Service Director or Special Dietary Accommodation Coordinator shall review the request to ensure it is supported as required by Federal law and District policy and if not, shall request additional or clarifying information from the student or parent making the request.

Implementation

When the need for a special dietary accommodation is supported by a Medical Statement for Special Dietary Needs signed by a State authorized medical authority, the District will offer a reasonable modification that effectively accommodates the student's disability. Following USDA Child Nutrition Program regulations, the School District may consider factors such as cost and efficiency and is not required to prepare a specific meal, provide a specific brand of food, or provide a meal beyond the meals provided to other students.

For students who have an IEP or 504 plan that requires specific food-related accommodations, the School District shall provide the accommodation as required by law, seeking clarifying medical information, as necessary.

A special dietary request will be approved and implemented upon submission of a completed authorized Medical Statement.

Student Absence

If a student receiving a special dietary accommodation is absent or does not wish to participate in school lunch on a day an accommodation is planned, the student or parent shall contact the Special Dietary Accommodation Coordinator by 9:00 a.m. the same day.

Renewing A Special Dietary Request

An authorized Medical Statement does not need to be updated annually. However, the Special Dietary Accommodation Coordinator may annually seek clarification or updates on special dietary requests.

Discontinuation of a Special Dietary Request

A special dietary request or part of a request may be discontinued by a parent by submitting the request in writing to the Special Dietary Accommodation Coordinator or shall be discontinued consistent with the medical authorities' recommendation provided with the Medical Statement for Special Dietary Needs.

Substitutions

~~If determined appropriate by a student's Section 504 team, substitutions to the standard meal requirements shall be made, at no additional charge, for students for whom a health care provider who has prescriptive authority in the State of Ohio has provided medical certification that the student has a disability that restricts his/her diet, in accordance with the criteria set forth in 7 C.F.R. Part 15b. To qualify for such substitutions the medical certification must identify:~~

- ~~A. the student's disability and the major life activity affected by the disability;~~
- ~~B. an explanation of why the disability affects the student's diet; and~~
- ~~C. the food(s) to be omitted from the student's diet and the food or choice of foods that must be substituted (e.g., caloric modifications or use of liquid nutritive formula).~~

~~[] If determined appropriate by a team of qualified individuals including, but not limited to, the Principal, school nurse, parent, Director of Food Services, and/or () _____ substitutions to the standard meal requirements may be made, at no additional charge, for a student who is not a "person with a disability," but has a signed statement from a qualified medical authority that the student cannot consume certain food items due to medical or other special dietary needs. To qualify for such consideration and substitutions the medical statement must identify:~~

A. the medical or dietary need that restricts the student's diet; and

B. the food(s) to be omitted from the student's diet and the food(s) or choice of foods that may be substituted.

For students without disabilities who need a nutritionally equivalent milk substitute, only a signed request by a parent or guardian is required. While the request must specify the medical or other special dietary need that restricts the student's diet (i.e., precludes the student's consumption of cow's milk), medical certification may not be required.

Meal Charges

Meals sold by the school may be purchased by students and staff members and community residents in accordance with administrative guidelines established by the Superintendent. Meals may be made available, free of charge, to senior citizens who are serving as volunteers to the District.

The operation and supervision of the food-service program shall be the responsibility of the Food Service Supervisor. In accordance with Federal law, the Food Service Supervisor shall take such actions as are necessary to obtain a minimum of two (2) food-safety inspections per school year, which are conducted by the State or local governmental agency responsible for food safety inspections. The report of the most recent inspection will be posted in a publicly visible location, and a copy of the report will be available upon request.

A periodic review of the food-service accounts shall be made by the Treasurer. Any surplus funds from the National School Lunch Program or the Healthy, Hunger-Free Kids Act of 2010 (P.L. 111-296) shall be used to reduce the cost of the service to students or to purchase cafeteria equipment. Surplus funds from a-la-carte foods may accrue to the food-service program. Bad debt incurred through the inability to collect lunch payments from students is not an allowable cost chargeable to any Federal program. Any related collection costs, including legal costs, arising from such bad debt after they have been determined to be uncollectable are also unallowable.

Bad Debt

Bad debt incurred through the inability to collect lunch payment from students is not an allowable cost chargeable to any Federal program. Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectable are also unallowable. District efforts to collect bad debt shall be in accordance with Policy 6152 - Student Fees, Fines, and Charges.

Bad debt is uncollectable/delinquent debt that has been determined to be uncollectable no sooner than the end of the school year in which the debt was incurred. If the uncollectable/delinquent debt cannot be recovered by the School Meals Program in the year when the debt was incurred, then this is classified as bad debt. Once classified as bad debt, non-Federal funding sources must reimburse the NSFSA for the total amount of the bad debt. The funds may come from the District general fund, State or local funding, school or community organizations such as the PTA, or any other non-Federal source. Once the uncollectable/delinquent debt charges are converted to bad debt, records relating to those charges must be maintained in accordance with the record retention requirements in 7 C.F.R. 210.9(b) (17) and 7 C.F.R. 210.15(b).

Negative Account Balances

Students will be permitted to purchase meals from the District's food service using either cash on hand or a food service account. A student may be allowed to incur a negative food service account balance subject to the following conditions.

Any student who has a negative account balance may not purchase a la carte items with cash unless the student is also able to bring their account current.

A student who has exceeded the permissible negative balance amount in their account and does not have cash on hand sufficient to purchase a meal will be treated respectfully. The District will provide meals to students with unpaid meal balances without stigmatizing them, will provide parents of students who charge meals with notification when a student charges a meal, and will make efforts to collect the charges incurred by the students so that the unpaid charges are not classified as bad debt at the end of the school year.

If a student has a significant negative lunch account balance, they shall be provided an alternate meal, the cost of which shall continue to accrue to a negative lunch account balance, and the student's parent(s) shall be contacted to collect the outstanding charges. The alternate meal will be a low-cost alternative to the regular reimbursable meal and shall meet USDA nutritional standards or the Smart Snacks in Schools Regulations so that it qualifies for reimbursement under the National School Lunch/Breakfast Program.

Negative lunch account balances will carry over from year-to-year until paid in full.

Students who have qualified for Free lunches are still responsible for paying off any debt that was incurred prior to qualifying for free lunches.

This policy and any implementing guidelines shall be provided in writing to all households at the start of each school year and to households transferring to the school or School District during the year. The policy and implementing guidelines will also be provided to all District staff with responsibility for enforcing the policies.

~~Bad debt incurred through the inability to collect meal payment from students is not an allowable cost chargeable to any Federal program. Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectable are also unallowable.~~

~~[] Bad debt is uncollectable/delinquent debt that has been determined to be uncollectable by the end of the school year in which the debt was incurred. If the uncollectable/delinquent debt cannot be recovered by the School Meals Program in the year when the debt was incurred, then this is classified as bad debt. Once classified as bad debt, non-Federal funding sources must reimburse the NSFSA for the total amount of the bad debt. The funds may come from the District general fund, State or local funding, school or community organizations such as the PTA, or any other non-Federal source. Once the uncollectable/delinquent debt charges are converted to bad debt, records relating to those charges must be maintained in accordance with the record retention requirements in 7 C.F.R. 210.9(b)(17) and 7 C.F.R. 210.15(b).~~

~~The Superintendent is authorized to develop and implement an administrative guideline regarding meal charge procedures. This guideline will provide consistent directions for students who are eligible for reduced price or paid meals but do not have funds in their account or in hand to cover the cost of their meal at the time of service and shall also address feeding students with unpaid meal balances without stigmatizing them.~~

~~This guideline shall be provided in writing to all households at the start of each school year and to households transferring to the school or School District during the school year.~~

With regard to the operation of the school food service program, the Superintendent shall require:

- A. the maintenance of sanitary, neat premises free from fire and health hazards;
- B. the preparation of food that complies with Federal food safety regulations;
- C. the planning and execution of menus in compliance with USDA requirements;
- D. the purchase of food and supplies in accordance with State and Federal law, USDA regulations, and Board policy; (see Policy 1130, Policy 1200, Policy 3113, Policy 3210, Policy 3214, Policy 4113, Policy 4210, Policy 4214, and Policy 6460)
- E. complying with food holds and recalls in accordance with USDA regulations;
- F. the administration, accounting, and disposition of food service funds pursuant to Federal and State law and USDA regulations;
- G. the safekeeping and storage of food and food equipment pursuant to State and Federal law and USDA regulations;
- H. the regular maintenance and replacement of equipment;
- I. all District employees whose salaries are paid for with USDA funds or non-Federal funds used to meet a match or cost-share requirement must comply with the District's time and effort record-keeping policy (see Policy 6116).

In accordance with the nutritional standards adopted by the Board, the placement of vending machines in any classroom where students are provided instruction unless the classroom is also used to serve meals to students is prohibited.

The District shall serve only nutritious food in accordance with the nutritional standards adopted by the Board in compliance with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition guidelines. Foods and beverages in competition with the District's food service program must comply with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition guidelines, and may only be sold in accordance with Board Policy 8550.

The Superintendent will require that the food service program serve foods in the schools of the District that are wholesome and nutritious and reinforce the concepts taught in the classroom.

The Superintendent is responsible for implementing the food service program in accordance with the adopted nutrition standards and shall provide a report regarding the District's compliance with the standards at one of its regular meetings annually.

Nondiscrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture ("USDA") civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity. The District's nondiscrimination statement below is complementary to the District's nondiscrimination policies, including Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity and Policy 1422/Policy 3122/Policy 4122 - Nondiscrimination and Equal Employment Opportunity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete Form AD-3027, USDA Program Discrimination Complaint Form, which can be obtained online at <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights ("ASCR") about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. **Mail:**
U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
