

Due to the connection between support organizations and the School District programs and students, and because of the common use of the School District name in connection with the organization's activities, the public perception may be that the organizations and their activities are school-sponsored and approved by the Board, notwithstanding the fact that such organizations are independent entities, are not agents of the Board, and are not under the control or authority of the Board. In order to prevent disruption to the District's educational programs and injury to the District's reputation by conduct and activities of a support organization which are inconsistent with the District's mission, only organizations formally recognized by the Board will be permitted to use the School District name, as well as any logos or other insignia or emblems associated with and used to identify the District and/or school-sponsored programs and activities. Beginning in 2016, official board recognition began during the Organizational meeting in January of each year.

The Board may revoke formal recognition of any support group that fails to comply with the listed rules in Board Policy 9211.

This past January the Board of Education granted a 6 month extension for organizations not in compliance listed below.

The Board additionally recognizes the following Booster/Support Organizations:
